

## **FACULTY/STAFF GIVING TOTALS RECORD \$19,652; 167 CONTRIBUTE**

One hundred and sixty-seven members of the college community this year contributed \$19,652 to the College Foundation Annual Giving Program, an increase of 95 over last year. That increase has been attributed by Foundation President E. Glenn Giltz to the creation of a formal Faculty/Staff Drive. "Members of the faculty and staff previously supported the Foundation through the Alumni Fund, the Friends Campaign, the Library Fund or the Cardinal Booster Club," Giltz said. "In 1983, for example, faculty and staff accounted for nearly \$8,000 of the annual giving total."

With the establishment early in 1984 of a separate campaign, the college community was challenged to achieve a goal of \$9,138. A committee of 12 spearheaded the campaign, under the leadership of Dr. Bruce Butterfield, associate professor of English, and the late Dorothy "Billie" Jackstadt, former college registrar. The formal Faculty/Staff drive accounted for \$12,577 in contributions to the Foundation's annual giving effort, representing a 38% increase over the goal for the year. In addition, \$7,075 was given by members of the college community to various other funds under the Foundation's umbrella.

"We are very appreciative of this response," Giltz said. "The outstanding support of faculty and staff sends an important message to both the community members of the Foundation and to the students on the campus who benefit directly through scholarships and other forms of aid." Giltz also expressed gratitude to Clara LaRose, treasurer of the SUNY Plattsburgh Federal Credit Union, saying, "The cooperation of the Credit Union in allowing members of the faculty and staff to contribute by way of payroll deduction was undoubtedly essential to the success of the campaign, and Clara LaRose was instrumental in fostering this partnership." Giltz reminded faculty and staff that pledges to the 1985 campaign are currently being accepted and arrangements for payroll deduction giving can be made through the credit union.

## **FOUR WIN FACULTY ENRICHMENT GRANTS FROM CANADIAN GOVERNMENT**

The college has continued its perfect record in securing Faculty Enrichment Grants from the Government of Canada. Results of this year's competition have been announced, and all four proposals submitted by members of the Plattsburgh State faculty has been accepted and funded. No other institution in the country has ever received so many of the grants in the same year.

Dr. Richard Beach, director of the Center for the Study of Canada, commented, "Since the inception of the program in 1979, thirteen applications have been submitted by Plattsburgh faculty. All thirteen have been accepted and funded at or near the amounts requested. This is more than twice the number received by any other institution in the United States." Beach said that these grants will lead to the offering of further exciting and unique courses at Plattsburgh State, enhancing the Canadian Studies program.

The Faculty Enrichment Grants Program was instituted by the Canadian Government to assist faculty in the United States in developing Canadian content courses. This year's Plattsburgh grant winners and the courses they will develop are: Dr. Prem Gandhi, professor in the Center for Business and Economics, "Canadian Multinational Corporations in Europe and North America"; Dr. Philip Reines, associate professor of communications, "Canadian Film, Past and Present"; Dr. Thomas Rumney, assistant professor in the Center for Earth and Environmental Science, "Geography of Canada"; and Dr. Charles Simpson, associate professor of sociology, "City Life in North America."

## **COLLEGE WINS FUNDING FOR CHILD CARE CENTER**

The college will open a child care center for children of students, faculty and staff on April 1, thanks to funding received from two sources. Dr. Marilyn Chase, director of the Center for Human Resources and project director for the child care center, explained that the project has been designated to receive \$32,200 from SUNY Central and an additional \$10,800 from the New York State Labor-Management Child Care Advisory Committee. The child care center will be located in the former nursery school classrooms in Sibley Hall. Chase said that the center intends to serve approximately 25 children during the first year and will expand to serve approximately 60 children by the fourth year. Fees will be set on a sliding scale according to the parent's ability to pay. The Center will be open to children (from 8 weeks of age) of students, faculty and staff members, and also to community children on a space available basis.

Chase said a committee, originally chaired by Jan Edwards, began work on the project in May of 1982. A survey was conducted of students and faculty, and, finding that there was a need for child care services, the committee proceeded with the proposal for funding. Members of the original committee included Dr. Warren Bentzen, Patrick Lennahan, Terry Holscher, Kitty Kiernan, Diana Green, Derek Allan, Janet McFetridge, James King, Ray Guydosh, Helen Rock, and Chase.

Now that the proposal has been approved and funded, Chase said, a board of directors has been formed and will have the responsibility for the center's operation. Members of the board of directors are: Bentzen, Dr. Joseph Burke, Jerri Carrier, Mary Ellen Dallman, Dr. Mildred Dominy, Mickie Goerlitz, Larua Long, Anna Nardelli, and Rock. A search is underway for staff members for the child care center.

## REGISTRAR DOROTHY JACKSTADT DIES

Dorothy "Billie" Jackstadt passed away January 1, 1985 in the CVPH medical Center following a long illness. She has been the registrar at Plattsburgh State University College since 1955. Plattsburgh State President Joseph C. Burke commented, "We are all saddened by this loss. 'Billie' was a gallant woman, and a joy to know. She has been part of the college for so many years — as a student, as an alumnus, and as our registrar. Her passing diminishes us all."

Mrs. Jackstadt was born August 17, 1922 in Cleveland, Ohio, the daughter of Sarah and John Hillberg. She graduated from Plattsburgh State in 1943 with a degree in home economics. She is a past president of the Plattsburgh Alumni Association and a past member of the Association's Board of Directors. She was a co-chairperson for the 1984 College Foundation's Faculty and Staff Drive.

Mrs. Jackstadt has been a member of the Plattsburgh City Planning Board for nineteen years. She has also served for several years on the Board of Directors of the Plattsburgh Little Theatre Group. She is survived by three sons, Eric of Morrisonville, and Mark and Kirk, of Arlington, Texas, and by five grandchildren.

A memorial service was held for Mrs. Jackstadt on January 5 at the Newman Center. The family has suggested that donations in her memory be made to the Plattsburgh College Foundation, Plattsburgh State University College, Plattsburgh, NY 12901.

## DR. RONALD DAVIS PUBLISHES BOOK ON AMERICAN PLAYWRIGHT

Dr. Ronald Davis, associate professor of English, is the author of a newly published book on American playwright Augustus Thomas (1857-1934). The book, according to the author, "is a critical-analytical study of Thomas's more than 70 plays and his contributions as a playwright and theatrical leader to the advancement of American drama."

Thomas, says Davis, was a father of the American drama of ideas, author of America's first serious socioeconomic and political plays, and, in the frequency and breadth of his treatment of American themes, characters, and setting, the most 'American' playwright before Eugene O'Neill. His works included *Alabama*, *New Blood*, *In Mizzoura*, *The Witching Hour*, *The Harvest Moon*, and *As a Man Thinks*.

Thomas also, according to Davis, was influential in shaping the theatrical policy of his time in serving as president of the Society of American Dramatists and the American Academy of Arts and Letters. *Augustus Thomas* was published by Twayne Publishers in December as part of the company's U.S. Authors Series.

## NEW YORK STATE PRESIDENT OF N.O.W. TO SPEAK ON CAMPUS JANUARY 24

Noreen Connell, New York State President of the National Organization of Women, will speak on "The Status and Future of Women's Rights" during the January 24 presentation of the Women's Studies Forum. The forum will be held from 12 noon to 1 p.m. in the Angell College Center Cardinal Lounge. It is free and open to the public. Before assuming the presidency of the NYS chapter in 1983, Connell worked for the New York State Department of Labor. In addition to speaking on campus, Connell will be interviewed on WKDR at 10 a.m. and will tape a "Focus '85" interview at Channel 5. She will also meet with the local chapter of N.O.W. during the evening. Connell's visit is sponsored by the Women's Studies Program and the North Country Chapter of N.O.W.

## APPLY FOR NEXT YEAR'S FINANCIAL AID NOW

The Financial Aid Office is reminding students to begin thinking about applying for next year's financial aid. Aid applications, Financial Aid Forms, and detailed instructions have been distributed to all students on campus. FAF's must be mailed to the College Scholarship Service before March 1. Copies of parents' income tax returns must be submitted to the Financial Aid Office before April 15 for first consideration for aid. Students interested in work-study jobs must register before April 15. Additional forms and information are available in the Financial Aid Office on the fourth floor of the Kehoe Building.

## TWO STUDENT ART SHOWS OPEN ON CAMPUS

The first art exhibitions of the spring semester feature works by PSUC students. "The Art Resources Show," in the Rockwell Kent Gallery, consists of works done by members of the Art Resources Association, which is the student organization for the visual arts in the Center for Art, Music and Theatre. Included in the show are ceramic pieces by Kate Hartley, pastel drawings and clay sculpture by Dan Root and two and three dimensional drawings by Carl Sedon. "The Art Resources Show" will run through February 10.

On display through February 28 is an exhibition of large paintings done by students Mike Sweeney, David White and Pete Russom. The three are students in the classes of Rick Mikkelsen and William Robbins. The paintings are hung in the Myers Fine Arts Lobby.

## ADIRONDACK BALLET TO PRESENT 'THE LITTLE ENGINE THAT COULD'

The Adirondack Ballet, under the direction of Patricia Cross, will present "The Little Engine That Could," based on the story by the same name, at 7:30 p.m. on Thursday, January 17 in Hartman Theatre. In addition to 20 Adirondack Ballet students, several professional dancers from the George Mager Studio in Montreal and ten students from the McKay Center for Deaf and Crippled Children will be included in the cast. Three other pieces will be performed during the evening. The presentation is sponsored by the Center for Lifelong Learning and is supported by the SA mandatory fee and the City of Plattsburgh Recreation Department. Tickets, at \$4 for adults, \$2 for senior citizens and children under 12, and 50¢ for SA members, are available at the Center for Lifelong Learning in Hawkins Hall.

## WEEKLY TO CARRY LISTING OF AVAILABLE CAMPUS POSITIONS

Beginning this week, "Weekly" will carry a regular listing of jobs which are currently available on the campus. The listing will follow "This Week on Campus," and will consist of the position title, department, and closing date for applications. Complete information on each position is available in the Office of Personnel and Affirmative Action, located on the 9th floor of the Kehoe Building (564-3062). That office is open from 8 a.m. to 4:30 p.m.

## FACULTY WOMEN'S ORGANIZATION/FACULTY ASSOCIATION TO SPONSOR VALENTINE DANCE

The Faculty Women's Organization and the Faculty Association will jointly sponsor the annual Valentine dance on Saturday, February 9. The semi-formal dance will be held from 9 p.m. to 1 a.m. in the Angell College Center Ballroom, with music provided by "The Knights." Tickets, at \$10 per couple, are available from now through February 6 at the Angell Center Desk or from the following committee members: Joyce Ashe (563-6698), Joan Burke (561-6674), Annette Manganel (561-3023), Marjorie Mapstone (561-1309), Sally McGrath (561-7862), Rosemary Miller (561-7846), Maureen Moll (561-3392), Peg Myers (561-6441), Lois Sheats (561-1585) or Carol Thoren (561-2113).

## MARTIN LUTHER KING DAY OBSERVANCE IS JANUARY 21

The observance of Martin Luther King Day, the newest national holiday, is scheduled this year for January 21. According to the current CSEA contract, that day is a holiday for all employees covered by that contract. All twelve-month employees covered by the UUP contract (non-teaching professionals and calendar year librarians) must choose whether they will observe Martin Luther King Day or Election Day (November 5, 1985) as a holiday. Forms have been distributed to that group of employees for that designation. The forms must be returned to the Personnel Office prior to January 21.

## SPORTS UPDATE; HOCKEY CARDS BURY OSWEGO, 9-1

The Cardinal hockey team opened the second semester with a big win over arch-rival Oswego State Saturday night in front of a record crowd at the field house. Steve Plaskon scored a hat trick leading the Cards to a 9-1 victory. The win brings the Cardinals record to 13-4 overall and keeps intact the ECAC Division II winning streak, now at 9 in a row.

Both swim teams also opened the second semester on Saturday on a winning note, with the men defeating St. Michael's 62-49 and the women winning 69-43. Pat Driscoll, Mark Bemish and Chris Keena were triple winners and Paul Pikulski set a team record in the 100 yard breaststroke. For the women, Maggie McDermott was a triple winner and Marianne Kenny and Nora McCall each won two events.

During the break, the Cardinal men's basketball team got back on the winning track in the Hunter College Holiday Tournament, placing second, but ran into trouble again at St. Lawrence, losing 76-72 to the much taller team. Despite the loss, Coach Norm Law thought his team, down to only 8 players, was showing a lot of improvement.

The Cardinal women also ended up in the losing column against St. Lawrence, 88-52, during the break and notched another loss on Saturday against Hartwick, 78-59. The women's team has been playing without two top players, team scoring and rebounding leader Caroline Henshall and Vickie Bushey. Henshall returns to the team this week, and will be joined by 5'9" transfer student, Denise Simard.

## COMMISSION CALLS SUNY 'MOST OVER-REGULATED UNIVERSITY IN NATION'

The report of the Independent Commission on the Future of the State University calls SUNY "the most over-regulated university in the nation." The report, titled "The Challenge and the Choice" was released last week and is the product of nearly a year's work by the 15-member panel, which was co-chaired by Ralph Davidson, chairman of the board of Time Inc., and Dr. Harold Enarson, president emeritus of Ohio State University. Although the report places no blame, it says, "sadly and unintentionally, New York State has become an extreme of what not to do in the management of public higher education." The commission suggests that the best way to correct SUNY's problems is to establish the university as a public benefit corporation. This step would enable SUNY to manage its budget, academic and personnel affairs free of many of the restrictions currently imposed by state law.

President Joseph C. Burke commented, "I am delighted that this distinguished commission of leaders in business, labor, government and education has proposed that the State of New York should grant to State University and each of its campuses the autonomy that has long been enjoyed by the best public universities across the country. Its report insisted that SUNY cannot reach its full potential, if the state continues to treat it as just another state agency rather than a unique educational institution. Detailed, long distance regulation from Albany can produce only conformity, not creativity. The commission report offers a challenge and a choice to New York State, its leaders and its citizens. The challenge is to make SUNY an even greater university. The choice is to make creativity rather than conformity its operating principle."

The news release from the Independent Commission on the Future of the State University is reprinted as an insert in this week's "Weekly." Executive staff members, deans, center directors, and department chairs will have the complete report within a few days.

## GOVERNOR'S BUDGET CONTAINS \$23.2 MILLION FOR PLATTSBURGH

The Executive Budget proposal for 1985-86 contains a request for \$23,226,500 for the college at Plattsburgh. That amount is 1.7% higher than the college's 1984-85 appropriation (\$22,839,100), but \$532,800 less than the college had requested. The biggest problems in this year's budget, said President Joseph C. Burke, are a SUNY-wide reduction of 171 positions (129 faculty and 42 staff positions) to be allocated to campuses by Central Administration, a 10% cut in temporary service funds, and a failure to provide adequately for inflationary cost increases. A positive note is that the budget includes \$20,000 to fund the college's Value-Added Project.

"Most New Yorkers will applaud Governor Cuomo's priorities of cutting taxes and addressing the state's debt problem, Burke commented, "but with good prospects for the economy and a large budget surplus, we had hoped that State University and this campus could at least have a steady state budget. The report from the Independent Commission on the Future of SUNY comments unfavorably on the erosion of the faculty-student ratio, and yet the governor's budget calls for the abolition of 171 positions — after ten years of devastating cuts! The cuts called for in this budget are penny-wise and pound foolish, because they continue to erode SUNY's staffing and funding, but save only a relatively insignificant amount of money."

A summary of the 1985-86 executive budget for the college at Plattsburgh follows.

	1984-85 Appropriation	Campus Request	DOB Recommendation	Requested Increase	Recommended Increase	Percent Increase Requested	Percent Increase Recommended
Personal Service — Regular	17,920,900	18,506,800	18,275,800	585,900	354,900	3.27%	1.98%

## GOOD NEWS: NO TUITION OR ROOM RENT INCREASE

Governor Cuomo's proposed Executive Budget for 1985-86 contains good news for SUNY students. No tuition or room rent increases are planned for the coming state fiscal year. Last year the Governor proposed tuition and room rent increases of \$200 and \$150 respectively.

## PRESIDENTIAL SCHOLARS MAINTAIN HIGH ACADEMIC STANDARDS

The college's 31 Presidential Scholars have continued to manifest very high standards of academic excellence, according to Dr. David Mowry, director of the Honors Program. Following the release of grade point averages for the fall semester, Mowry announced that, during that semester, the seven senior Presidential Scholars earned an average gpa of 3.77; the five juniors earned a gpa of 3.57; the nine sophomores held a gpa of 3.643 and the ten freshmen averaged 3.615. The Presidential Scholars are chosen as incoming freshmen to receive the equivalent of full tuition for four years on the basis of academic achievement.

## **NEW MALAYSIAN STUDENTS SWELL FOREIGN STUDENT ENROLLMENT**

The number of foreign students enrolled for the spring semester has jumped to 131, the highest number in recent years, according to Jaimie Trautman, the foreign student advisor. The increase of 20 over the fall foreign student enrollment, Trautman said, is due primarily to the enrollment of 23 new Malaysian students, which brings the number of currently enrolled students from that country to 39. Trautman said that country's government has begun an intensive program of overseas educational opportunities for academically qualified students, and has been favorably impressed with SUNY's reasonable tuition and the quality of the engineering, business and computer science departments at Plattsburgh. The 39 students are almost evenly divided into those three majors. All 39 currently live off-campus and Trautman said that she has received many favorable comments about the Malaysian students from area landlords. In addition, they are doing well academically, with all of them carrying a grade point average of 2.0 or better and most in the 3.0 range. English appears not to be a problem for this group of foreign students, Trautman added, since they have seven years of English courses in school and also participate in a very intensive English program before they come to the United States.

## **FORMER BASKETBALL STARS TO RETURN FOR ALUMNI-VS-ALUMNI GAME SATURDAY**

At least 18 former basketball players for the Plattsburgh State Cardinals will return to campus on Saturday, January 26 for the annual Alumni-Vs-Alumni match. Varsity coach Norm Law said this week that teams will be assembled according to class year. Expected to don the Cardinal red and white one more time are Kevin Baldwin, Joe Porcelli, Dorn Fenner, Steve Holmes, Paul Glodis, Pat McGinn, Mark Sausville, Bob Barney, Butch Butchino, Jack Mosher, Kirk Eskild, Bill Stevens, Gary Favro, Don Verkey, Larry Parker, Daryl Hutson, Tony Petioni, and Mike Green. The game will begin at 6 p.m., as a preliminary to the varsity match against Oneonta State, which tips off at 8 p.m. The returning and current players will be hosted by the Cardinal Booster Club at a reception in the Cardinal Lounge following the game.

## **QUESTIONNAIRE BEING CIRCULATED ON GENERAL EDUCATION PROGRAM**

The ad hoc committee on general education, created last spring by the Faculty Senate, is currently circulating a questionnaire on the college's general education program. Dr. Carl Engelhart, committee chair, said that the 84-question survey is being sent this week to all teaching faculty and a random sample of juniors and seniors. Said Engelhart, "The present general education program is five years old. When it was adopted, it was with the understanding that it would be evaluated after a period of five years." Faculty and students receiving the questionnaire are asked to return it to Engelhart before February 8. Following a review of the results, the committee will present its report to the Senate.

## **SATISFACTORY PROGRESS STANDARDS FOR FEDERAL AID CHANGE**

As a result of the change in degree requirements for graduation — that is, 125 rather than 122 credits — changes have been made in Plattsburgh's satisfactory progress standards as they relate to eligibility for federal aid programs, according to the Financial Aid Office. Students must also meet the minimum gpa requirements.

Suzanne Sokolowski, director of financial aid, explained that the maximum acceptable time frame for completion of the Bachelor's degree is six years for full-time regular study. The minimum percentage of work that must be earned at the end of each increment (year) is as follows: after one year, 16 credits; two years, 32 credits; 3 years, 54 credits; 4 years, 76 credits; 5 years, 100 credits, and six years, 125 credits.

Information on the regulations regarding an appeal process, the effects of withdrawal, incompletes and probation are on file in the Financial Aid Office and the Office of the Vice President for Academic Affairs.

## **SPECIAL EXHIBIT ON DISPLAY IN FEINBERG LIBRARY**

An exhibit entitled "The Evolution of a Book — From Concept Through Publication" is now on display in the Feinberg Library. The exhibit, on the second level of the library outside the Reference Room, is compiled from materials assembled during the period 1963 through 1984 by Dr. and Mrs. Eugene Link in writing the recently published book on the life of Harry F. Ward, a leading light in the ACLU. Materials include original correspondence from Dr. Ward, notes from Ward's son, Lynd, a famous illustrator and artist in his own right, note cards, publisher's copy proofs, galley proofs, the published work, and recent reviews.

The exhibit, conceived by Link, emeritus professor of history and longtime advocate of libraries, offers students, faculty, staff, and the public at large a glimpse of the development of a book from the seedling idea and initial queries through the gathering of information, research, writing (only three of eight typescript drafts are included here) searching for a publisher, rejections, copy editing, selection of illustrations and publication.

## **NEW DOCENTS BEING SOUGHT FOR KENT GALLERY**

Applications are now being accepted for the 1985 Docent Program at the Rockwell Kent Gallery. The gallery, located in the Feinberg Library, houses portions of the college's permanent art collection. Docents are volunteer workers who give tours, act as receptionists in the gallery, or assist with cataloging the collection. New docents must take a ten-hour course to familiarize themselves with Rockwell Kent and the permanent collection. There is no fee for the class. The first session will be held at 1 p.m. on January 30 in the Kent Gallery. For further information or to register, contact Phyllis Freedman (564-2813) Tuesday through Friday, noon to 4 p.m.

## **FOUNDATION ANNUAL MEETING TO BE HELD JANUARY 31**

The annual meeting of the corporation of the Plattsburgh College Foundation will be held at 4 p.m. on Thursday, January 31 in the Angell College Center Cardinal Lounge. At that time, the Foundation's 1984 annual report will be released and announcement will be made of the total amount of money raised during the year by the Foundation. In addition, several community, alumni and faculty and student members will be added to the Foundation, and three new members will be elected to the Board of Directors.

In 1983, the College Foundation raised \$180,364 through its Annual Giving Program. Combined with income realized through investment of the various endowment funds, the Foundation provided nearly \$245,000 in scholarships and grants to nearly 500 students during the 1983-84 academic year.

# weekly notes

**Dr. James Armstrong**, assistant professor of anthropology, presented a paper entitled, "Response Decisions and Social Context," at the American Anthropological Association meeting held recently in Colorado. . . Three articles co-authored by **Dr. Michael Becker**, assistant professor of psychology, have been published. "Type A Behavior and Daily Activities of Young Married Couples" (with D. Byrne) appears in a recent issue of *The Journal of Applied Social Psychology*, "Pairwise Multiple Comparison Procedures: A Review" (with J. Jaccard and G. Wood) was published in *Psychological Bulletin*, and "Self-Regulated Exposure to Erotica, Recall Errors, and Subjective Reactions as a Function of Erotophobia and Type A Coronary-prone Behavior" (with D. Byrne) will be published in *The Journal of Personality and Social Psychology*. . . **Dr. Edwin Hamblet**, associate professor of French, reviewed Quebec novelist Helene Rioux's *Une Histoire Gitane* in the December issue of *The French Review*. . . **Dr. Ann Hasting**, director of the Cooperative Education Program, has been appointed to the Legislative Committee of the New York State Cooperative Experiential Education Association. . . **Dr. Patricia Higgins**, associate professor of anthropology, attended the meeting of the American Anthropological Association as a member of the Board of Directors Council on Anthropology and Education. Higgins' article, "Minority and State Relations in Contemporary Iran," which was originally published in *Iranian Studies*, will be included in a book entitled *Islam, Ethnicity and the State*, edited by Myron Weiner of MIT and Ali Banuzizi of Boston College. . . **Rick Mikkelsen**, professor in the Center for Art, Music and Theatre has exhibited six of his works in art shows during the past semester. His drawings and watercolors have appeared in shows at the Berkeley Gallery in New Hampshire, the Everson Museum in Syracuse, the Fine Arts Center in Taos, New Mexico, the Student Union Gallery in Brooklyn, the Hoyt Institute in Pennsylvania and the AAO Gallery in Buffalo. His pencil drawing, "Self-Portrait," won an award in New Hampshire and his watercolor, "Schuler's Breckenridge" was given two purchase awards at the Hoyt Institute. . . An article by **Dr. Noel Smith**, professor of psychology, entitled "Do We Need the Concept of Mind in Psychology," has been published in *The Interbehaviorist*. . . **William Woltjen**, assistant vice president for finance, is one of three local men to receive the 1984 Paul Harris Fellowship Award. The award, which is given in memory of a founder and the first president of both the national and international associations of the Rotary Club, recognizes personal commitment to world understanding through the Rotary Foundation. . . **Dr. Roger Heintz**, professor of chemistry, and **Dr. Robert Hofer**, associate professor of mathematics, have been selected to serve as reviewers for the 1984-85 SUNY Faculty Grants for the Improvement of Undergraduate Instruction. Heintz will review applications in biochemistry and chemistry, Hofer will review applications in computer science and mathematics.

**The Independent Commission  
on the Future of the State University**

## **News Release**

Finding that State University of New York is the "most over-regulated university in the nation," an independent commission today recommended a major restructuring of SUNY as a "public benefit corporation."

"It is our considered judgement that SUNY stands no chance to realize its potential unless there is change drastic enough to permit SUNY to carry out the functions for which it was created," said the unanimous report of the 15-member Commission on the Future of the State University.

The 78-page report, entitled "The Challenge and the Choice," said that "in just 36 years, New York and SUNY have accomplished more than any other state in a comparable time." It added that "New Yorkers can take justifiable pride in their university's progress."

But, the strongly worded report said, "sadly and unintentionally, New York State has become an extreme example of what not to do in the management of public higher education."

The report also warned that New York's future economic development requires SUNY to strengthen its activities in research and graduate education. Research centers at public universities in other states are serving as magnets for industry, said the Commission, which found that the state presently loses about 64,000 more New York students to universities elsewhere than New York attracts from out of state.

"New York State cannot afford the future costs of failing to develop a top-ranked state university system," the Commission said.

The report, issued following nearly a year of study, was presented to SUNY Chancellor Clifton R. Wharton, Jr., who established the Commission in February 1984 and charged it to prepare a comprehensive examination of the operation and configuration of the 64-campus, 370,000-student university.

Co-chaired by Ralph P. Davidson, chairman of the board of Time, and Dr. Harold Enarson, president emeritus of Ohio State University, the Commission comprised leaders with broad experience in government, business, labor and education. Funding for the study was provided by grants from the Carnegie Corp. of New York, the Ford Foundation, the Ford Motor Co. Fund, the Rockefeller Foundation and the Rockefeller Brothers Fund.

Throughout the year, the Commission members conducted 190 interviews, held public hearings in Albany and New York City, reviewed more than 50 staff studies, visited 18 SUNY campuses and held nine plenary sessions.

### **OVER-REGULATION**

While the report included 29 recommendations on numerous topics, such as SUNY's contributions to higher education, research, finances, community colleges and minority enrollment, its chief focus was on over-regulation and the authority of the university's board of trustees.

A study for the Commission of large public systems in 10 states found that SUNY had the least management flexibility, ranking below such states as California, Ohio, Michigan, Missouri, Wisconsin, and Texas.

The Commission emphasized that its findings implied no criticism of any state officials, who have little choice regarding the constraints imposed on SUNY under existing laws. It was criticizing, it said, a "tradition of over-regulation that has its roots in the legal conception of SUNY as a state agency" when the university was founded in 1948.

"The state has entrusted its university with the education of a generation of New Yorkers, but state government does not trust SUNY's board of trustees, chancellor, or campus presidents, with even the most elementary administrative decisions concerning the institutions that they have been asked to manage," the report stated.

"There is a clear choice before New York: The state can decide that New York is not going to get a public university of high quality, or it can change the rules."

### **PUBLIC BENEFIT CORPORATION**

The principal rule change proposed by the Commission is legislation that would establish the university as a public benefit corporation. SUNY would be subject to governmental oversight but empowered to manage its budget, academic and personnel affairs free of many of the restrictions currently imposed by state law.

Crucial to the ultimate success of this concept, the report said, was the provision of "lump-sum" appropriations to SUNY, rather than the minutely detailed, external determinations that now restrict SUNY's expenditures and its ability to allocate and manage its available resources.

Once lump-sum budgeting is provided for SUNY as a whole, the Commission said, SUNY's central administration should also provide lump-sum funding to individual campuses, under policies of the SUNY trustees.

The report cited a number of specific past examples of over-regulation and its cost in dollars and efficiency.

Treating SUNY as an agency of state government, the report said, ignores the fact that "colleges and universities are different in their very nature from traditional state agencies." It noted decentralized faculty governance, professional peer review, multistate accreditation and academic scholarship and research as features that require management flexibility often incompatible with that appropriate for the usual state agency.

The Commission said it believed the public benefit corporation approach would provide the accountability that the state government required, while giving SUNY trustees, chancellor and campus presidents both the necessary authority and responsibility to manage the system.

## FINANCIAL STRESS

The Commission said there were clear signs of financial stress at SUNY's state-operated campuses, such as repeated deferral of maintenance that threatens the sizeable investment in physical plant, absent or outmoded research facilities, and worsening faculty-student ratios.

It found that while the New York taxpayer pays less for public higher education operating costs than do taxpayers in roughly half the states, New York actually spends substantially more in tax dollars than the average state in operating costs **per student**. Noting the anomaly in these expenditures and SUNY's financial needs, the report cited several unusual SUNY cost factors.

One concerns the difference between New York and other states in how operating costs are financed. In other states, which have paid for their physical facilities directly, tuition-generated revenues are available for operating budgets. In New York, such tuition revenues are required by law to retire bonds issued to finance SUNY's building. Thus, New York tax dollars must be used to meet a far larger proportion of SUNY's operating costs than in other states.

Further, SUNY has a multitude of small campuses, which also increases the cost-per-student.

## SYSTEM CONFIGURATION

Addressing the number of campuses, often a target of SUNY's critics, the Commission said limited gains might result from the closing of a number of smaller and less efficient units. It said, however, that at present this was a solution whose costs, "in reduced student access, as well as political divisiveness," outweigh any potential benefits.

The report said that although SUNY began as a diverse amalgam of campuses, the system now represents powerful advantages.

"At least potentially," it said, "the system provides an opportunity for SUNY to monitor and reallocate resources based on a statewide assessment of needs and strengths in the public sector. It provides much-needed opportunity for SUNY to exercise educational leadership, to integrate, to balance, and to make distinctions required."

"We reject any effort to dismantle SUNY, and we wish to affirm the potential for SUNY, as a system, to play a vital leadership role."

## ECONOMIC MAGNET

Throughout, the Commission report stressed New York's need for a state university system that can serve, "in full partnership with the independent sector and the City University of New York, as a magnet for industry and a force for community and economic development," benefits that other states now enjoy from their state universities.

"To the extent that SUNY's activities have been stunted by over-regulation and inadequate support," it said, "the victims have been each and every citizen of New York. This is so because a weakened SUNY means a weakened tax base, less vitality in the state's economy, and lost opportunities to stem migration from New York."

The Commission said that it considered the fundamental changes it recommended so important that "members have expressed their readiness to reconvene as events warrant to review steps taken toward the restructuring of SUNY."

## ACADEMIC COMPUTING CENTER OPEN IN HAWKINS HALL

The college's new academic computing center is now open in the former Hawkins Hall cafeteria. Dr. Raney Ellis, director of academic computing, said that the new facility provides three different types of computers to students. The new Data General mini-computer is fully operational and has 38 terminals in the center. In addition, eight terminals are tied into the Burroughs, the college's main-frame computer, and five terminals access the PDP 11/24 minicomputer which was installed last spring. Ellis added that 45 microcomputers (Apples, IBM PC's, and Commodores) are available to students in the Feinberg Library. The range of equipment, said Ellis, allows users to select the level of computing power needed for their particular task, and has made the Plattsburgh facility "equal to any in the SUNY colleges."

Student access to computers has been considerably increased, Ellis said, with the addition of the 27 new terminals. The facilities in the computer center will be used primarily for instruction and research. While computer science students are still the primary users, Ellis said, a growing number of professors from other disciplines, including music, sociology, chemistry, and library skills, are incorporating computer-assisted instruction into their coursework. Ellis anticipates that the next major step in the college's continued improvement of computer facilities will take place next summer when a new telephone system is scheduled for installation. That system, he said, is expected to provide the ability to transmit data from any telephone jack on the campus with the required modem.

## SUNY TRUSTEES APPROVE BACCALAUREATE DEGREE IN CRIMINAL JUSTICE

Plattsburgh State will be able to offer a baccalaureate degree in criminal justice in the near future, if the SUNY Board of Trustees has its way. The Trustees have approved a proposed amendment to the SUNY Master Plan which will allow that degree to be offered at Plattsburgh. Dr. Jerome Supple, vice president for academic affairs, said that the college has been trying to institute that degree since 1971, in response to a demand from corrections officers and border guards in this area, and also to meet the need of graduates of two-year SUNY colleges who wish to continue their education in that field. Supple said the college is hopeful that the program will be in place by the fall semester, but added that approval is still needed from SUNY Chancellor Clifton R. Wharton, Jr., the Board of Regents and Governor Mario Cuomo.

## JANUARY ADMISSIONS, ACADEMIC DISMISSALS UP

Both admissions and academic dismissals are up this semester, according to reports from the Admissions Office and the Office of the Vice President for Academic Affairs. Rich Higgins, director of admissions, reports that as of Monday, January 28, 355 new undergraduate students had enrolled for the spring semester. Of that number, 335 are full-time undergraduates and 20 are part-time students. Twenty-two are first time freshmen and the rest are either transfer students or re-admitted students. Higgins said that the target figure for January enrollment was 300 new students and added that he is very pleased with the fact that that figure was exceeded.

On the other end of the spectrum, Dr. Jerome Supple, vice president for academic affairs, reported that 229 students received notices of academic dismissal. Of that number, 154 appealed their cases and 80 were reinstated on academic probation. The final number of students who were dismissed was 147. That is the highest number of academic dismissals in five semesters.

## SUNY-MILLIONTH GRADUATE CELEBRATION TO KICK OFF

Sometime this spring, the one-millionth living graduate of the State University of New York will receive a diploma. Since it is impossible to determine just who will be the actual one-millionth graduate, SUNY is treating the entire Class of 1985 as the symbolic record-breaker. Plans are underway to celebrate the milestone with a number of statewide and campus events, and the year-long celebration will kick off on Thursday evening with an alumni reception at the South Street Seaport in New York City. Several hundred alumni from the metropolitan area are expected to attend the reception. Twenty-eight Plattsburgh alumni are planning to be present for the ceremonies. The Plattsburgh contingent will be led by Plattsburgh Alumni Association President and Mrs. Daniel Takacs of Wappingers Falls. Highlights of the evening will include the presentation of proclamations from Governor Mario Cuomo and Mayor Edward Koch.

## COLLEGE COUNCIL TO MEET FEBRUARY 1

The next meeting of the College Council will be held at 3:30 p.m. on Friday, February 1 in the sixth floor conference room of the Kehoe Building. Agenda items include the governor's proposed budget for the college for 1985-86, a proposed staffing plan to replace the early retirees, and a report on the 1984 College Foundation Annual Giving Campaign.

## **EDUCATED EYE EXHIBIT TO OPEN IN STATE MUSEUM ON FEBRUARY 5**

A landmark exhibition of art works from the permanent collections of 25 SUNY campuses will open at the New York State Museum on February 5. "The Educated Eye: Art Collections from the State University of New York Campuses" will bring together more than 400 paintings, sculpture, photographs, prints, ceramics, fashions, furniture and glassware for the first time ever and place them on public view through September 2.

Edward Brohel, the college's gallery director, is co-director, with Patricia Kerr Ross, of the exhibition. Brohel, who also chairs the SUNY Council of Gallery Directors, was the conceptualizer and one of the main organizers of the exhibit. He explained that the focus of the exhibit is on "the impressive quality and diversity of the art holdings in the SUNY system." The exhibition will be organized into several sections that consider a variety of themes, among them landscapes, tribal art, everyday objects, the human figure and its space, and portraits. Other sections will be devoted to works from specialized collections from various campuses. A number of paintings, prints and designs by Rockwell Kent from the Kent Collection will be one of the sections included.

Brohel added that pieces from Plattsburgh State constitute the second largest body of works in the exhibit, second only to those on loan from the Neuberger Collection at Purchase. In addition to the Kent pieces, works from Plattsburgh include Cezanne's "Self-Portrait," Vlaminck's "The Bridge at Chatou," Picasso's "Sculptor Studying Head on Pedestal and Model," Ansel Adams' "Moonrise Over Mt. Hernandez, New Mexico," Nina Winkel's "Adoration," and Alice Aycock's "Savage Sparkler."

When the exhibit closes in September, three traveling exhibits will be created from the larger exhibit and will be shown at SUNY and other galleries around the state during a two-year period.

## **COOPERATIVE EDUCATION RECEIVES SUPPLEMENTAL GRANT**

Dr. Ann Hasting, director of the Cooperative Education Program, has been awarded a \$10,000 supplemental cooperative education grant from the U.S. Department of Education. Hasting said the grant funds will be used to present a series of on-campus workshops for faculty and students. Three workshops will be conducted, one during the spring semester and two during the fall semester. Two of the workshops will be "Pre-Co-Op/Internship Preparation" and "Faculty Monitoring and Evaluation." The third will be designed for high school career counselors and will consider career opportunities and the cooperative education/internship experience. In addition, funds will be used during the summer to host a conference on International Cooperative Education. Hasting said that participants will include representatives of U.S. corporations involved in multi-national and international business.

## **DEAN DILTZ NEW STUDENT ASSOCIATION INFORMATION DIRECTOR**

Dean Diltz, a December graduate of Plattsburgh State has been named the Student Association Information Director, effective immediately. Diltz replaces Bill Jones, who held the position for a year and a half before accepting a position as Sports Information Director at Skidmore College in Saratoga. A mass media/communication arts major, Diltz was a four-year member of the college's track and cross country teams. Last fall, he was elected to the State University of New York Athletic Conference Hall of Fame.

## **WRITING ACROSS THE CURRICULUM WORKSHOPS SCHEDULED FOR SPRING**

Faculty members interested in learning more about how to integrate writing into their courses will have the opportunity to attend one of two in-service workshops this semester. The first will be held on Saturday, February 23 and will be conducted by Dr. Thomas Morrissey, Chair of the Committee on Writing Across the Curriculum. Faculty who have not previously attended such a workshop are invited to attend, particularly those who are preparing Advanced Writing proposals. The second workshop, co-directed by Dr. Morrissey and Dr. Anthony Magistrale of the University of Vermont, will be held on May 3 and 4. Reservation forms will be sent shortly.

## **SPORTS UPDATE; MEN'S CAGERS BACK ON WINNING TRACK**

The men's basketball team recorded two victories this week, as they trounced Oneonta State at Memorial Hall Saturday night, 61-48, and defeated Johnson State last Tuesday, 66-45, at Johnson. Against Oneonta, Steve Dowd pumped in 19 points, while Mark McIntyre added 15. At Johnson State (who beat the Cards by one point in December), Tony Shedrick had 14 points, while Angelo Sutton pulled down 10 rebounds. The team is now 5-11, 1-4 in SUNYAC play.

The women cagers had a tough week, losing to powerhouse Albany State Friday, 59-29, and dropping a 58-53 decision to RPI on Saturday. At Albany, the number-two team in the state, Kathy Clark scored 17 points for the lady Cards, then added 22 against RPI.

The men's and women's track teams hosted the fourth annual Cardinal Classic Saturday at the field house. The men finished third in the eleven-team field, behind Vermont and St. Lawrence. Brian Best grabbed second in the triple jump, and placed in the long jump and 50 meter dash. For the women, Ellen Kissane captured the 1000 meter run to lead the Redbirds to a second place finish in the nine-team field.

The Cardinal hockey team suffered a rare disappointing week, dropping a 5-2 decision to Potsdam State Tuesday night at the field house, then losing to Elmira College, 6-3, Saturday night at Elmira. The only high note for the icers was a 15-0 thumping over winless Cortland State Friday night at Cortland. Against Potsdam, the Cards were without 5 of their top 7 scorers due to injury and disqualifications awarded the week before at Brockport. This, combined with the outstanding goaltending of the Bear's Stephan Laperriere, was too much for the ailing Cards, and they dropped their first ECAC game of the season. John Henrick and Tom Griffin each had a goal and an assist for PSUC. At Cortland, Steve Hoar's troops had little trouble in crushing the Red Dragons, as 11 Cardinals scored. Joey Ferras tallied two goals and three assists, while Peter DeArmas had one goal and an assist to move into second place on the all-time Cardinal scoring list. DeArmas now has 173 career points, 13 shy of leader Gaetan D'Anjou. At Elmira, the Cards couldn't hold off the Soaring Eagles, who have now beaten PSUC more times (12) than any other team. Ferras scored a goal and an assist, while John Swift chipped in with 2 assists. The loss brings the Cardinals record to 16-6 overall and 12-2 in ECAC play.

Both swim teams suffered close losses to Potsdam State Saturday at Memorial Hall. The men dropped a 60-53 decision while Paul Pikulski broke his own school record in the 100-yard breaststroke. Chris Keena added three wins. For the women, who lost 66-44, Beth Keicher won both diving events. The men are now 1-4 on the season, while the women dropped to 3-4.

## SELECTIONS '84-'85 TO OPEN IN MYERS

"Selections '84-'85," an exhibition of works by artists who have lectured, or will lecture, at Plattsburgh State during the 1984-85 academic year, will open in the Myers Fine Arts Gallery on January 31. The exhibition will run through February 28 and will give students, faculty, and community members the opportunity to not only view the works, but to hear the individual artists comment on their own pieces. Included in the exhibition are works by photographer Robert Cumming, ceramicist Val Cushing, art historian Ellen Johnson, sculptor Bill King and realist painter Martha Mayer-Erlebacher. An opening reception will be held on January 31 from 4 to 6 p.m. in the Myers Fine Arts Lounge. That evening at 8 p.m., King, who is perhaps best known on campus for his structural steel sculpture "Amitie" which stands in the Angell Center Courtyard, will lecture on his works.

## CORRECTION IN MASTER SCHEDULE

An error regarding the beginning of spring break appeared on the cover of the "Spring Master Schedule." Spring break begins at 6 p.m. (classes end) on Friday, March 8. Classes resume at 8 a.m. on Monday, March 25.

## FOUNDATION SETS NEW ANNUAL GIVING RECORD: \$198,614

The Plattsburgh College Foundation in 1984 erased all previous marks in generating contributions through its Annual Giving Program. Final official figures, presented in late January at the annual meeting of the Foundation's corporate membership, showed that gifts totaled \$198,614, an amount that represents a 10 percent increase over the 1983 annual giving total.

In a joint statement, Foundation President E. Glenn Giltz, president of Northern Insuring Agency, Inc., and Plattsburgh State President Joseph C. Burke hailed the outcome of the 1984 campaign as a "signal achievement."

"The support of our benefactors helps Plattsburgh State in many ways," they said. "On the one hand, it means access to the college or continuing educational opportunity for several hundred qualified young men and women who must rely upon the Foundation for financial assistance."

The Foundation's Annual Giving Campaign report was presented to the membership by Curtis E. Shipman, chairman of the campaign and president of the Keeseville National Bank. Highlights of the report were many and varied, but the following were at the forefront:

**Business/Corporate Campaign:** Giving by the business community set new records for the sixth consecutive year, with income totaling \$71,615, or more than \$6,000 above what was received in 1983. In addition, 67 new donors were listed among the more than 230 firms participating in the campaign.

**Annual Alumni Fund:** The Alumni Fund surpassed \$60,000 for the first time and showed an increase of nearly \$7,000 over 1983. Thanks in part to an enterprising student phonathon team which contacted several thousand alumni during an eight-week period last fall, 841 alumni contributed to the alumni fund for the first time.

**Faculty/Staff Drive:** The initial Faculty/Staff Drive exceeded all expectations, taking in \$12,578, with 167 Plattsburgh State employees participating. Including contributions from faculty and staff members to the Cardinal Booster Club, library fund, and other sections of the campaign, total giving by faculty and staff reached \$19,652.

**Cardinal Booster Club:** For the second consecutive year, this portion of the annual giving campaign more than doubled the amount raised in the previous year. A record 170 contributors gave \$7,849 in this category.

**Organizations:** This, too, represented a new giving category. Donations from organizations were previously reported through the Business/Corporate campaign. During this first year, giving by organizations totaled \$13,482.

Foundation executive director Don Garrant expressed the Foundation's appreciation to the nearly 70 individuals who helped with the various fund-raising activities during the year. He also commended Shipman; Harry Mowry and Cliff Calongne, who chaired the Business/Corporate Campaign; Anne Brandell, Don Kasprzak, Barbara Murray, Michael Murray, Roger Nolette and Nicholas Pope, who assisted with that campaign; Martin Mannix and Jacqueline Walker, who led the Friends Campaign; Elizabeth Kelly who headed the Organizations Drive; John Carpenter, Dennis Doyle, and Tom Glasgow, Booster Club Drive; Bruce Butterfield and Billie Jackstadt, Faculty/Staff Drive; and Mal Lavery, Alumni Fund Drive.

Garrant pointed out that during the past fifteen years, the Foundation has provided \$1.3 million to the College through its annual giving program. The endowment fund has risen from \$60,000 in 1970 to a current total of \$1.1 million. Additionally, during the past four years, the Foundation has provided nearly \$700,000 to the College's student aid program.

## CENTER FOR STUDY OF CANADA RECEIVES THREE-YEAR \$6,000 GRANT FROM BRASCAN

The Center for the Study of Canada has received notice that Brascan, Ltd., a major Canadian multinational corporation, has approved a three-year grant for the Center in the amount of \$6,000. Dr. Jeanne Kissner, associate director of the Center, said that the grant funds will be paid to the Center at a rate of \$2,000 per year, beginning in 1985. Funds will be used primarily for student scholarships, faculty research and travel and Canadian-oriented events for the campus and community. A portion of the grant (amounting to \$750 over the three-year period) will be added to a Canadian Studies endowment fund. Kissner said that at least two other Canadian corporations, namely, Hiram Walker and Imasco, have also built an endowment component into their most recent grants to the Center. She added that in ten years, a sizable endowment fund, exclusive of the \$90,000 Northern Telecom endowment fund, will have been established on the campus for the support of Canadian Studies.

## FIRST PLATTSBURGH STUDENTS TO TAKE NATIONAL TEACHER EXAM FARE VERY WELL

The first group of Plattsburgh State education students to take the National Teacher Examination (NTE) have fared very well, according to Dr. Nicholas Troisi, dean of professional studies and acting director of the Center for Teacher Education. Troisi said that 120 candidates (1 sophomore, 4 juniors, 95 seniors, 6 bachelor's degree holders, 4 master's degree candidates, and 2 master's degree holders) took the NTE in October, 1984, and exceeded the national passing rate by a considerable amount. The test is administered in three sections, communications skills, general knowledge, and professional knowledge. Of the Plattsburgh candidates, 93% passed the professional knowledge section. The national anticipated passing rates were 76%, 68%, and 79% respectively. Troisi added that as of September 2, 1984, all candidates for certification in New York State must pass all three segments of the test.

## SEVEN NAMED TO FOUNDATION BOARD OF DIRECTORS

Seven persons were named to the Board of Directors of the Plattsburgh College Foundation at the annual meeting held (January 31). Elected to three-year terms as community representatives were Roger Forrence, Elizabeth Kelly, and Clyde Lewis. Michael Murray was elected to a three-year term representing the College's alumni; Dr. Annette Manganel will serve one year as the faculty representative; Harry Mowry was reappointed to a one-year term representing the College Council; and William Mattar will represent the students for a one-year term, concurrent with his term as Student Association president.

Roger Forrence of Peru is the president of Forrence Orchards and a trustee of Paul Smiths College. Forrence has been a member of the Foundation's Investment Committee for several years.

Kelly, a Plattsburgh resident, has been active with the Foundation's Friends campaign for several years and in 1984 chaired the newly instituted Organizations campaign. Under her leadership, that new section of the Annual Giving Program raised \$13,482.

Plattsburgh Giving Committee Clyde Lewis has served as chairman of the Foundation's Planned Giving Committee for several years and has also assisted with the Business/Corporate campaign. This will be Lewis' second three-year term on the Board.

Murray, owner of Clare and Carl's, is a 1975 graduate of Plattsburgh State. He has been active with both the Alumni Association and the Foundation for many years. He served for two years as vice-chair of the Foundation's Business/Corporate Campaign. This will be Murray's second term on the Board.

Manganel, associate professor in the Center for Teacher Education, joined the faculty in 1959 as a campus school teacher. She was appointed to the Foundation's Board of Directors last fall to fill an unexpired faculty representative term.

Mattar, a junior psychology major from Amherst, NY, was elected president of the Student Association in December. Mattar is a member of the campus chapters of Psi Chi, the national honor society in psychology, and Omicron Delta Kappa, the national leadership honor society.

Also serving on the Foundation Board are Marie Beemer, Clifford P. Calongne, William M. Frandino, E. Glenn Giltz, Albert F. Luck, Terry M. Meron, Harry E. Mowry, Barbara M. Murray, and Curtis E. Shipman. Ex-officio members of the Board include Dr. Joseph C. Burke, college president; Louis E. Wolfe, chairman of the College Council; Daniel Takacs, president of the Alumni Association; and Fred P. Merrihew, president emeritus of the Foundation.

Foundation membership includes about 100 persons representing college faculty and administration, alumni, the student body, the College Council and residents of the North Country community.

The primary objective of the Foundation is to raise funds for scholarships for students at Plattsburgh State.

## SPORTS UPDATE; HOCKEY CARDINALS BACK ON TRACK

The Cardinal icers had little trouble in gaining a boost of confidence Saturday night at the Field House as they trounced the University of Buffalo, 9-2. Peter DeArmas tallied the Card's first goal just one minute into the game, while Steve Bester scored his first hat trick of the season. Mark LeDonne chipped in with three assists. The Cardinals now find themselves in the hot-seat of the ECAC West division with a 13-2 slate. RIT, which lost to Elmira this weekend, now shares the lead with the Cards, while Union, Elmira and Geneseo are close behind.

The women's swim team upped its record to 5-4 with a decisive victory over Union College Saturday at Memorial Hall, 63-25, while the men also won, 53-37. For the women, Kay Maloney accounted for three wins, while Nora McCall added two wins. The men, who are now 3-4, were led by double winners Paul Pikulski and Pat Driscoll.

Playing the state's top teams is what the men's basketball team did this past week, as they lost to Albany State Saturday night, 74-51, and Potsdam State on Wednesday night, 74-55. At Albany, Steve Dowd pumped in 15 points for the Cards, while Angelo Sutton grabbed 12 rebounds and blocked 6 shots. In Potsdam, the cagers had little hope from the start, as the Bears reeled off the first ten points. However, Jeff Law scored a game-high 17 points, while Dowd added 14. The men now stand at 5-13.

The women's basketball team, plagued by injuries, was trounced by Cortland Saturday, 93-46, and lost to St. Lawrence Tuesday at Memorial Hall, 79-49. At Cortland, Kathy Hanlin scored 14 points, while guard Suzanne Souza suffered an ankle injury which has sidelined her indefinitely. Against St. Lawrence, Kathy Clark hit for 13 points while pulling down 12 rebounds. The women are now 3-14.

Friday night at the Field House, the men's and women's track teams hosted an all-comers meet, which attracted 120 area athletes. No team scores were kept, but Cardinals Gregg Mulson, Bill Ferreri, Bryan Best, Rob Dickerman and Jamie Lambert all won their respective events. For the women, who entertained Division I Vermont, Ellen Kissane won the 800, while teaming with Linda Krasensky for a win in the 3000.

Fred Heidrich has been named as the assistant track and field coach at Plattsburgh State. Heidrich was a three-year member of the team and is completing his undergraduate studies in economics. He will assist with both the men's and women's programs.

## SIX ADDITIONAL ACADEMIC MINORS APPROVED

Six additional academic minors have been approved as of the beginning of the spring semester. The new minors and their coordinators are: Consumer Economics — Dr. Marilyn Chase; Environmental Science — Dr. Malcolm Fairweather; Graphic Communication Design — Rick Salzman; Hearing and Speech Science — Dr. Ray Domenico; Human Nutrition — Dr. Marilyn Chase; and Mapping Science — Dr. Richard Lamb. Students interested in one of these or any of the other approved minors may obtain further information from the coordinators listed.

## TEN KENT COLLECTION PAINTINGS TO BE PART OF SANTA BARBARA EXHIBITION

Ten paintings from the College's Rockwell Kent collection will be loaned to the Santa Barbara Museum of Art this summer for a retrospective exhibition devoted to the American artist. Richard West, the museum's director, explained that the exhibition, which is funded in part by a grant from the National Endowment of the Arts, will be "the first such exhibition tracing the painting career of Kent, who is generally better known for his prints, illustrations, writings and outspoken political positions during a stormy period of American history." The exhibition will open on June 28 and close September 1 at the Santa Barbara Museum. It will then be seen at the Columbus (Ohio) Museum of Art from October 12 to November 24 and at the Portland (Maine) Art Museum from January 21 through March 2, 1986. The ten pieces from Plattsburgh's Kent Collection will comprise 20% of the exhibition.

## PLATTSBURGH STUDENTS RECEIVE \$12 MILLION IN STUDENT AID

Students at Plattsburgh State will receive approximately \$12 million in student aid during the 1984-85 academic year, according to a report prepared by Suzanne Sokolowski, director of financial aid. Sokolowski said that the largest single source of financial aid for Plattsburgh State is Guaranteed Student Bank Loans, which provided over six million dollars to students enrolled at Plattsburgh. Next on the list are federally funded Pell Grants (\$2 million in aid to more than 1600 students) and New York State TAP and Regents awards (another \$2 million).

Other sources of financial aid, the approximate amount awarded and the number of students receiving it included: College Foundation Scholarships — \$243,000, 521 students; College Work-Study — \$468,000, 466 students; Educational Opportunity Program — \$188,000, 231 students; Federal Nursing Loan — \$60,000, 76 students; National Direct Student Loan — \$325,000, 350 students; and Supplemental Educational Opportunity Grant — \$74,000, 79 students. In addition, private scholarships awarded to students by various agencies and organizations, such as Elks, Kiwanis, K of C, etc., came to more than \$215,000.

Sokolowski also said that more than 125 students have found part-time jobs with the assistance of the new Job Location and Development Office, and have earned approximately \$34,000. Additionally, the new student aid program which provides tuition assistance to part-time students has provided about \$9,000 in its first year to Plattsburgh State students. The report also mentioned that 200 families are now participating in the Academic Management Service program which allows tuition, fees, room and board bills to be paid on a monthly basis.

In addition to processing and awarding these funds, the Financial Aid Office has the responsibility for monitoring some students for academic progress. All students receiving TAP awards and/or federal funds, including College Work Study, Guaranteed Student Bank Loans, National Direct Student Loans, Pell Grants and Supplemental Educational Opportunity grants must be monitored for both academic progress and program pursuit. For the spring semester, 148 students were determined ineligible for TAP. Some of these students were academically dismissed, Sokolowski said, while others withdrew. She added that eligibility will be restored for some of these students either through grade changes or the granting of a one-time waiver.

## PLATTSBURGH, CLINTON COMMUNITY TO OFFER JOINT ADMISSION

The presidents of Plattsburgh State and Clinton Community College signed an agreement last Friday providing for joint admission to both programs. Drs. Joseph C. Burke and Alfred Light signed the contract which stipulates that "upon admission to Clinton Community College, students are guaranteed admission into a parallel program at Plattsburgh provided they have completed their associate or applied associate degree at Clinton Community College." Students in business, accounting and computer science must maintain a grade point average of 2.5 or better through their third semester at Clinton Community College.

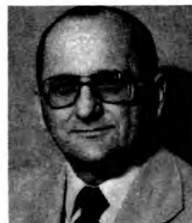

The two SUNY institutions have had an articulation agreement for two years. Under that agreement, however, students had to go through the regular transfer admissions procedures. The new agreement, according to Dr. Jerome Supple, vice president for academic affairs, takes the process one step further, by eliminating the necessity for the second admissions procedures. Once students are admitted to Clinton Community College, they are considered approved for admission to Plattsburgh State as long as they complete the degree work and wish admission to a parallel program. Programs at both institutions have already been reviewed for parallel status. Supple commented, "We're very pleased to have this agreement in place, since it reaffirms and strengthens the partnership between the two colleges."

## GILTZ ELECTED TO NINTH TERM AS FOUNDATION PRESIDENT

E. Glenn Giltz, president of Northern Insuring Agency Inc. has been elected to a ninth term as president of the Plattsburgh College Foundation. The election was held as part of the Foundation's annual organizational meeting held last week at Plattsburgh State. Giltz assumed the presidency of the Foundation in 1976. Under his leadership, the Foundation's annual giving program has increased from \$70,601 during his first term to \$198,614 in 1984.

Giltz

Shipman

Flynt

Woltjen

Curtis Shipman, president of Keeseville National Bank, was re-elected to a fourth term as vice president. Olive Flynt and William Woltjen were re-elected secretary and treasurer, respectively. Members of the Foundation's Board of Directors appointed Don Garrant as executive director, James E. Keable as legal counsel and Albert F. Luck, Barbara Murray and Shipman to serve on the executive committee with Giltz and Plattsburgh State President Burke. Shipman also was re-appointed chairman of the Annual Giving Committee, a post he has held for the past three years. Clyde A. Lewis was re-appointed to chair the Planned Giving Committee and William J.H. Manning will again chair the Investment Committee.

## **RESIDENCE HALLS CHANGING TO COMBINATION LOCKS**

The college is gradually changing the key locks on every student room door in the residence halls to combination locks, according to Larry Lorch, director of campus security. Two of the twelve residence halls have undergone the changeover, Lorch said, a third is nearly complete and a fourth has seventeen locks in one section. Eventually, he added, every dormitory room will have a combination lock instead of a key lock.

Lorch said there were several reasons why the change was initiated, but the primary reason was safety for dormitory residents. With the combination locks, doors are automatically locked whenever they are closed. Residents need not carry a key and the lock combinations can be changed in a matter of minutes. The results to date, said Lorch, have been very positive. Only one burglary of a room protected with the new lock has been reported and the combination to that door had been given out to several people by the residents. Residents indicate they feel more secure when their roommates are still out, but have easy access to the room, and the number of lock-out calls has dropped dramatically.

Plattsburgh is the first SUNY campus to turn to this type of lock, Lorch said, but added that Potsdam and Canton have plans to make the same conversion. Lorch has written a summary of the campus experience with the locks, which will be published in the upcoming issue of *The Campus Law Enforcement Journal*.

## **'YOU CAN'T TAKE IT WITH YOU' DEBUTS FEBRUARY 20**

The first play of the spring semester presented by the Center for Art, Music and Theatre will be Moss Hart and George S. Kaufman's "You Can't Take It With You." The 1930's comedy about an unconventional, but deeply loving and contented family, will open February 20 and performances will continue in the Hartman Theatre on February 21, 22, 23, 27, 28, March 1, and 2. All performances will begin at 8 p.m.

Dona Vaughn, who assisted with and acted in last summer's production of "Pippin," is directing the play, which will feature Paula Valyo as Penny, Gordie Ellis as Paul, Anita Bodrogi as Essie, Jennifer Andersen as Alice, and Dr. Carl Engelhart as Grandpa. Tickets are available at the Hartman Theatre Box Office.

## **GREAT DEPRESSION WEEK SLATED FOR FEBRUARY 17 - 22**

Activities focusing attention on the Great Depression of the 1930's will be held on campus from February 17 through February 22. The week's events, sponsored by the Office of Campus Life, were organized to accompany the opening of the college's newly acquired Farm Security Administration's photograph collection, according to Bill Laundry, Campus Life director. Laundry explained that the college has purchased a number of photographs commissioned by the Department of Agriculture during the depression and installed them in the various Angell Center meeting rooms. To publicize their installation, Campus Life decided to focus an entire week on the depression. In addition to the formal opening of the collection, one of America's best-known photojournalists, Arthur Rothstein, will lecture on Monday evening. Rothstein joined the FSA project in 1935 and, "during the next five years, shot some of the most significant photographs ever taken of rural and small-town America." Several films made during or about the depression will be shown during the week, and the Women's Studies Forum will also focus on that time period, featuring speakers "Remembering the Great Depression." A complete listing of events will be found in "This Week on Campus."

## **VISITING POET AND WRITERS' SERIES TO FEATURE READINGS BY LEWIS TURCO**

Poet, short story writer, scholar and critic Lewis Turco will be guest speaker at the next presentation of the Visiting Poet and Writers' Series. Turco will read some of his most recent work at the presentation, which will be held at 8 p.m. on February 19 in the Angell Center Cardinal Lounge. Turco has been a member of the faculty of the SUNY College at Oswego since 1965 and is currently professor of English and director of the program in writing arts. He is a SUNY Faculty Exchange Scholar and regularly appears on the various SUNY campuses. Author of *The Book of Forms*, Turco has published nine collections of his own poems since 1960. Additionally, his works have appeared in a wide range of literary periodicals, as well as in numerous mass circulation periodicals. Turco's presentation is free and open to the public.

## **SPORTS UPDATE; A WEEK OF UPS AND DOWNS**

The Cardinal hockey team had a weekend of up and downs, losing to Geneseo State Saturday night in overtime, 4-3, but easily defeating arch-rival Elmira College Friday night, 5-2, at the Field House. Earlier in the week, the Cards had little trouble in disarming the Cadets of Norwich, 10-2. Against Geneseo Joey Ferras tallied for two assists, while Peter DeArmas chipped in with one and tied the all-time Cardinal assist record. Against Elmira, who had beaten the Cardinals a few weeks earlier at Elmira, Dave Piromalli and Matt Cicchetti each had a goal and an assist. Tuesday against Norwich, Steve Bester led the way with two goals and an assist.

The women's swim team won two more meets to up their record to 7-4. Hosting Middlebury on Saturday, the women swam to a 74-37 victory as Maggie McDermott set three school records. The men's team lost to the undefeated Panthers, 66-47. Paul Pikulski won three events for the Cards. Tuesday at Memorial Hall, both teams won over St. Michael's as the women scored a 65-48 victory while the men scored 76 to the Golden Knight's 35. For the women, Kay Maloney took three firsts, while Paul Pikulski was a triple winner for the men.

The men's basketball team had a successful week, despite losing to Binghamton on Saturday at Memorial Hall, 49-48. The cagers won Friday night against Cortland, 72-68, and travelled to Norwich on Tuesday to defeat the Cadets, 64-56. Against Binghamton, Steve Dowd and freshman Angelo Sutton both hit for 14 points in the losing effort. Mark McIntyre was the bright spot in the Binghamton game as he scored a career-high 23 points, while Dowd tallied for a high 17 points against Norwich. The men are now 7-14.

The women cagers had mixed results this week. Saturday at Memorial Hall, they easily crushed Russell Sage, 84-49 as Kathy Clark scored 28 points and had 16 blocked shots. The night before, the Cards turned in one of their finest performances of the season, but lost to Albany State, 76-73 in overtime. The 18-2 Great Danes, who are ranked second in the state, won their closest game of the season as Kathy Hanlin scored 18 points for the Cardinals.

The men's and women's track teams were at St. Lawrence on Saturday as the women defeated Queens College, 59-56 to raise their record to 8-3, while the men took third of four teams and now stand at 9-6. For the women, Marcy Moffe led the way with two wins and a second, while Rob Dickerman and Dan Gambino each took a first and a second for the men.

## SUNYAC TEAM CHECKING ALLEGATIONS OF HOCKEY VIOLATIONS

A committee from the State University of New York Athletic Conference is on campus this week to look at allegations of rule violations involving the intercollegiate hockey program. Dr. Ernest Rangazas, athletic director and chairman of the department of physical education, athletics, and recreational sports, commented, "These allegations have been made by an anonymous person or persons. We have conducted our own internal investigation and we are satisfied that the allegations are unfounded. We are cooperating completely with the SUNYAC team and we expect that the matter will be resolved within the near future."

## 33% OF PLATTSBURGH RECIPIENTS TO LOSE AID UNDER REAGAN BUDGET

Approximately one-third of the 3,040 Plattsburgh State students currently receiving Guaranteed Student Bank Loans will become ineligible for those loans if President Ronald Reagan's student aid proposals go into effect, according to Suzanne Sokolowski, director of financial aid. Sokolowski said that Reagan has proposed a \$32,000 income cutoff for those loans, which are now being received by 3,040 Plattsburgh students. Under the proposal, students here will lose a total of \$2,000,000 in assistance. In addition, the proposed \$25,000 income cap on Pell Grants would mean a loss of about \$236,000 in aid to 180 students. Currently, 1538 students at Plattsburgh State receive Pell Grants.

In addition, the President's budget would place a \$4,000 per student cap on loan, grant, and work-study benefits; place a family adjusted gross income cap of \$25,000 on eligibility for grant aid, direct loans, or work-study employment; mandate a student contribution of \$800 toward educational costs before being considered for Title IV loan or grant eligibility; and classify all students below the age of 22 as dependent on their parents unless they are orphans or wards of the court.

The proposed budget also reduces the maximum Pell Grant by \$100 and the maximum cost of attendance covered from 60% to 50%. In addition, the family contribution expected from lowest income applicants would be increased in 1986-7 from 11% to 18% of discretionary income.

Sokolowski is urging students, faculty and administrators to correspond with their Congressman to protest the proposed cuts in the Reagan budget.

## STEPHEN HYDE NEW TECHNICAL ASSISTANCE CENTER DIRECTOR

Stephen Hyde, formerly the associate director of the New Enterprise Institute at the University of Southern Maine, has been named director of the Technical Assistance Center, following a nationwide search. Hyde replaces James King, who was recently appointed to direct the Small Business Development Center at SUNY Central.

Hyde served as director of the University Center program, a management assistance program oriented toward manufacturers and was the project director for a minority counseling program and tax policy study. In addition, he taught an introductory business law course in the University's School of Business, Economics and Management. "Primarily, I've been doing the same kind of work that has been done here at the Technical Assistance Center," Hyde said, "and it has been funded from the same sources."

Hyde earned his B.A. from the University of Maine in 1972 and his J.D. from the University of Maine School of Law. He will be working on campus part-time for the next few weeks and will assume the position full-time on May 1.

## NEW DIRECTOR APPOINTED FOR UPWARD BOUND

Vivian Joynes Papson has been appointed as the new director of the Upward Bound Program. The appointment, announced this week by Dr. Eldridge Roark, vice president for student affairs, is effective immediately. Joynes Papson holds an undergraduate degree from the University of Chicago and a master of arts degree in social and cultural anthropology from Case Western. She has considerable experience in education and administration. She was formerly director of program development with the Chicago Board of Education's Department of International Multicultural Education, and supervisor of community services for the Cuyahoga Metropolitan Housing Authority in Cleveland.

Roark commented, "We are fortunate to have someone with her experience and commitment to working with the disadvantaged assume this leadership role with our Upward Bound Program."

## TWO ALUMNI RECEPTIONS HELD LAST WEEK IN SCHENECTADY AND TAMPA

College alumni from New York's capital district and central Florida were hosted last week at alumni receptions. Tuesday evening following the Plattsburgh-Union hockey game in Schenectady, nearly 200 alumni and guests gathered at Gepetto's for a post-game reception hosted by Alumni Affairs Director Mal Lavery. On Thursday evening, in Tampa, Florida, President and Mrs. Joseph Burke hosted a gathering attended by 30 alumni and retired faculty from the central Florida area. This was the first alumni reception held in Florida and it was met with great enthusiasm and several requests to "do it again soon!"

New honorary members are Kathy Farrell and Eileen Curran.

## SUE COUGHLIN NAMED ODK CIRCLE LEADER OF THE YEAR

Susan Coughlin, a senior communication arts major from Schenectady, has been selected Leader of the Year by the campus circle of Omicron Delta Kappa, the national leadership honor society. Coughlin has been very active in campus extracurricular activities. She served as a resident assistant and orientation leader for two years and has also been secretary of the Circle K Club, a team captain for the Alumni Fund Student Phonathon, a Student Association senator and vice president, homecoming queen, and a peer recruiter for three years. In her sophomore year, she was selected to receive the ODK Outstanding Sophomore Award, and this year she is listed in *Who's Who Among Students in American Colleges and Universities*.

Coughlin will now compete with other circle nominees from throughout Province I for Leader of the Year honors. Plattsburgh's nominees, Jim DeLuca and Roger Sadler, won that award in 1983 and 1984, respectively.

## MOSCOW STATE JOURNALISM PROFESSOR ON CAMPUS FOR FOUR DAYS

Svetlana Orekhova, professor of journalism and mass media at Moscow State University, is visiting the campus for four days under the auspices of the Center for International Studies. During her visit, Orekhova will meet with faculty from various departments and will address classes in the communications and the English departments. She will also visit the television facilities at WCCE-TV and the Press-Republican.

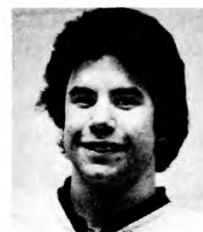

## DONA D. VAUGHN TO BE GUEST SPEAKER AT NEXT TUESDAY REFLECTIONS

Dona D. Vaughn, actress, singer, producer, director, and visiting lecturer in the Center for Art, Music and Theatre, will be the speaker at the next Tuesday Reflections presentation at 4:15 p.m. on Tuesday, February 26 in the Myers Fine Arts Gallery. Vaughn will discuss her many and varied experiences on and around Broadway during the presentation.

Vaughn, who has played leading roles in the Broadway productions of "Company," "Jesus Christ Superstar," and "Seesaw," first came to the Plattsburgh campus last summer to teach acting classes and appear in the cast of the Summer Music Theatre Workshop's production of "Pippin." This year she is teaching the upper level seminar in acting. The Tuesday Reflections lecture is free and open to the campus community and the public.

## WEEKLY SPORTS REVIEW; DE ARMAS BREAKS SCORING RECORD

Peter DeArmas is now the all-time Cardinal scoring leader. After netting one goal and an assist Monday night at University of Massachusetts-Boston, DeArmas surpassed former Cardinal All-American Gaetan D'Anjou and now has 188 career points. Almost forgotten was the Cardinal victory over the Beacons, 8-2, which also saw Dave Piromalli hit for one goal and an assist. Saturday night at the Field House, the Cardinal icers got a chance to regroup after the 7-2 whalloping they took down at Union College last Tuesday easily defeating Cortland State, 13-4. Against the Red Dragons, seventeen icers picked up at least one point, as DeArmas recorded his third hat trick of the season and added an assist to become the all-time Cardinal assist leader with 103. The team is now 21-8 overall and 16-5 in the ECAC West good for second place. Saturday's win over Cortland also clinched the SUNYAC regular-season title for Steve Hoar's troops, as they posted a 9-2 record.

The women's track team upped their record to 9-3 with a 104-22 trouncing of Albany State Saturday at the Field House. Marcy Moffe led the way with five wins, while Ellen Kissane chipped in with three. The men seemed on their way to beating the Great Danes for the first time in eight years but were disqualified in the mile relay as a Cardinal runner wore a shirt under his racing uniform, which is against the rules. Because of this, Albany won, 69-63. For the men, now 9-7, Bryan Best won three events while Bill Ferreri added two.

At Oneonta on Saturday, the men's basketball team were fighting a close battle with the Red Dragons when a fight broke out with 1:30 remaining. Officials called the game with the score 47-40 in favor of Oneonta. Steve Dowd paced the Cards with 17 points. The women cagers were in Oneonta earlier in the day and didn't fare much better as they lost, 60-33. Kathy Clark hit for 11 points and pulled down 12 rebounds. The night before in Binghamton, the lady Cards lost to the Colonials, 76-59, as Kathy Hanlin tallied for 26 points.

The men's swim team travelled to Norwich Saturday where the Cadets handed them a 75-38 loss. For the team, finishing the season at 4-6, Pat Driscoll won two events while Mark Beamish scored the other Cardinal win.

## GERALDINE FERRARO TO DELIVER COMMENCEMENT ADDRESS

Geraldine Ferraro, the first woman vice presidential candidate, will deliver the main address at commencement exercises on May 19. The former Congresswoman was the first choice of a committee of faculty, students and administrators. She accepted President Burke's invitation this week.

Ferraro was elected to the House of Representatives in 1978, the first woman representative from Queens, and served three terms. She was a member of the House Budget Committee, the House Committee on Public Works and Transportation, and the Select Committee on Aging. She was also elected to two terms as secretary of the House Democratic Caucus, and to the executive board of the Congressional Caucus for Women's Issues.

In January, 1984, Ferraro was named chair of the Democratic Platform Committee for the 1984 national convention. During that convention, she was chosen to be Walter Mondale's running mate on the Democratic ticket and made history as the first woman to run for vice president.

Prior to entering the political arena, Ferraro maintained a private law practice from 1961 to 1974. In 1974, she became an assistant district attorney in New York City, where she founded and served as chief of the Special Victims Bureau and the Confidential Unit.

She holds a law degree from Fordham University School of Law, and two honorary degrees. She is a member of the Board of Visitors of both the Merchant Marine Academy and Marymount Manhattan College, her alma mater, as well as the executive board of the Congressional Arts Caucus.

## PLATTSBURGH FACULTY TOP LIST OF SUNY UNDERGRADUATE INSTRUCTION AWARD WINNERS

Plattsburgh State faculty led the list of winners of this year's SUNY Faculty Grants for the Improvement of Undergraduate Instruction. Three of the seventeen funded applications were submitted by Plattsburgh faculty members. No other arts and science college received more than two. In fact, only the university center at Buffalo received the same number.

This year's winners and their proposal titles are: Dr. Ronald Davis, associate professor of English, in collaboration with Dr. William Teter, assistant professor of computer science, "Hard-news Writing with an Interactive Computer Critique"; Dr. William Gaeddert, assistant professor of psychology, in collaboration with Dr. Henry Morlock, professor of psychology, "Development of a Program to Teach Writing Using Computer Technology"; and Dr. Sitaram Shastry, professor of physics, "Physics in Nuclear Medicine: Theory, Experiments and Interrelationship."

Sue Spissinger, director of sponsored research, commented that this is the second year in a row that Plattsburgh has received more of these grants than any other arts and science college. She commented, "We submitted eight proposals from this campus, so we approached a 50% funding ratio." Last year, Plattsburgh faculty received two of only fifteen awarded. This year, 116 applications were submitted for the 17 grants. The amount awarded to a single faculty member is limited to \$2,500, but grants involving more than one person may be funded up to a \$4,000-per-proposal limit.

## FORMER CANADIAN MINISTER OF CONSUMER AND CORPORATE AFFAIRS TO SPEAK MARCH 5

Judy Erola, former Canadian minister of consumer and corporate affairs, will address the Introduction to Canada class at 11 a.m. on Tuesday, March 5 on "Perspectives on the Political Scene in Canada Today." Erola, a faculty member in the School of Public Administration at Carleton University, was elected to the House of Commons in 1980 and served in various positions on the political scene, including Minister Responsible for the Status of Women, chair of the Cabinet Committee on Regional Economic Development, and chair of the Cabinet Committee on Social Development. In her capacity as Minister Responsible for the Status of Women, Erola encouraged the participation of women in the arts, organized several federal/provincial conferences on the status of women, and helped to establish Chairs of Women's Studies at five Canadian universities. Erola will also be the featured speaker at the March 5 Women's Studies Forum at 12:15 p.m. in the Angell Center Cardinal Lounge. Her topic will be "The Status of Women in Canada."

## FRATERNITY RAISES \$1,400 FOR AFRICAN FAMINE RELIEF

Members of the Alpha Chi Rho fraternity last week led a drive which raised \$1,400 for the benefit of the African famine relief fund. Scott Nathanson, fraternity spokesman, said that the brothers manned tables in the dining halls and the college center for five days encouraging on-campus students to sign away a meal on March 4. A total of 1230 students agreed not to eat breakfast on that morning. For each student who signed away the meal, the Marriott Corporation contributed \$1.11, which will be sent to the local chapter of the American Red Cross, the organization conducting the area fund drive.

## **GRANT FUNDING UP ON CAMPUS DURING LAST FISCAL YEAR**

More grant applications were accepted and funded during the 1983-84 fiscal year than during the previous year, according to a report issued by Sue Spissinger, director of sponsored research. In the fiscal year ending June 30, 1984, 41 grant applications were submitted to external sources and 14 to the SUNY Research Foundation. During the previous year, those figures were 28 and 30 respectively. Although three fewer grant applications were submitted, 6 more were funded than during 1982-83. Of those submitted to external sources, 51.2% were funded. Combined with the 21.4% funded by the SUNY Research Foundation, 43.6% of all grant applications during the last fiscal year were funded.

## **SEVEN STUDENTS INTERNING WITH LEGISLATORS**

Seven students are spending the spring semester as legislative interns in either the United States Congress or the New York State Assembly. Anthony Weiner, a senior political science major from Brooklyn, is working with Congressman Charles Schumer, also from Brooklyn, and Spencer Weisbroth, a senior political science/English major from Port Washington is interning with Congressman Robert Mrazek of Long Island.

In the New York State Assembly, the following students are serving as aides to members: Jennifer Justice (senior history major) — Assemblyman Jose Serrano; Robert MacFarlane (senior political science major) — Assemblyman Glenn Harris; Russell Monaco (senior political science major) — Assemblyman Paul Harenberg; Toni Root (senior history major) — Assemblyman Andrew Ryan; and Lisa Tompkins (junior political science major) — Assemblyman Robin Schimming.

## **TWO PHOTOGRAPHY SHOWS TO OPEN AT CENTER FOR ART, MUSIC AND THEATRE**

Karen Norton, of Ticonderoga, New York, will show her photographs in the Myers Fine Arts Lobby from March 4 through April 23. Ms. Norton, instructor of photography at Clinton Community College, has been studying photography at PSUC since 1978. Her exhibition will include two collections: *Environmental Still-lives*, a set of 11" x 14" color negative prints, and *Lady in Black*, a series of 8" x 10" self-portraits.

*Ellis Island: Documentation, Interpretation*, a photography exhibition centered around that historic point of entry, will be on display at the Myers Fine Arts Gallery from March 4 through April 5. The show is the result of a project, conducted by the National Park Service and the American Museum of Immigration, pursued by students, alumni, and visiting professionals from Montclair College, headed by Klaus Schnitzer, fine arts professor at that institution.

## **SEVEN PLATTSBURGH STUDENTS WIN NEW REGENTS SCHOLARSHIPS**

Seven Plattsburgh State students are among the students chosen to receive the newly instituted New York State Regents Empire State Mathematics and Science Teacher Scholarships and Fellowships. The awards were established to attract more "academically able students into the teaching fields of mathematics and science," since critical shortages in these fields exist or are anticipated within the next few years.

A total of 312 undergraduate scholarships, which will provide up to \$3,000 a year for payment of tuition and fees for up to four years, were awarded. Winners from this campus are: Susan Boehm, senior secondary education/biology major from Ravena; Kathy McKenna, sophomore elementary N-9 mathematics major from Chateaugay; Jill Perry, junior elementary education N-9 major from Clifton Park; Gina Tallon, sophomore secondary education mathematics major from Constable; and Stuart Wirth, junior elementary education mathematics major from Holbrook.

In addition, 400 graduate fellowships were awarded. Plattsburgh recipients were Patrick Bugni of Bolton Landing and Karen Ryan of Ticonderoga.

## **SPORTS UPDATE; HOCKEY CARDS WIN SUNYAC TITLE, OTHER CARDINALS SET SIX NEW SCHOOL RECORDS**

The hockey Cardinals have ended up with the number two seed for the ECAC Division II West Play-offs slated to start Saturday. The Cards will host Potsdam State, seeded seventh, at the field house at 7:30 p.m. Other action will see number 3 Union host number 6 Elmira, and number 4 Oswego State meet number 5 Geneseo. Top seed RIT drew a bye for the first game.

Led by Peter DeArmas and Michel Valliere, the Cardinal hockey team left Oswego's Romney Field House this past weekend with the inaugural SUNYAC hockey tournament championship trophy. The Cards turned back upset-minded Brockport State in Friday's semi-final, 8-3 and dumped the Great Lakers of Oswego in Saturday night's final, 5-3. Against Oswego, Valliere was brilliant in goal as he turned back 38 Great Laker shots, while DeArmas tallied for two goals, including the game-winning one, and an assist. Friday night against the Golden Knights, Steve Hoar's troops had little trouble securing the win in the early stages of the game. DeArmas hit for two goals and two assists, while Dave Piromalli added one goal and three assists. Valliere and Dan Bedard stopped 26 Brockport shots.

The men's basketball team closed its season on a frustrating one, losing to Clarkson in overtime Tuesday night at Memorial Hall, 78-74. The Cards trailed by as much as 13 points in the second half, but some clutch free-throw shooting gave them another chance at the Golden Knights in overtime. However, Clarkson pulled ahead for the win. Jeff Law placed the Redbirds with a career-high 28 points and added 8 assists to claim the Cardinal single-season assist record of 157. Tom Rowland scored 12 points, while freshman Angelo Sutton blocked 5 Clarkson shots to set a Cardinal single-season blocked shot record with 57. The cagers finish out the season with a 7-17 record.

Members of the indoor track teams turned in several outstanding performances this past weekend. The men were 6th at the 20-team RPI Invitational. Captain Bill Ferreri was the meet's only double winner, capturing gold medals in the 1500 meter run (4:02.3) and the 1000 meter run (2:33.8). Rob Dickerman won the shot put with a school record toss of 49' 6 1/4" and set another school record in the 35 lb. weight throw with a third place heave of 48' 3 1/2". The women competed in the NYSIAW Championships at Hamilton and came out with an 11th place finish. Linda Krasensky grabbed third in the 1500 meter run with a 4:47 clocking, which was under the previous meet record.

Dave Robertson's women's swim team took ninth place in the SUNYAC Championships this past weekend at Oswego. Beth Huntley set a PSUC record in the 200 yard breaststroke, clocking 2:42.79 to finish eighth. The 400 yard freestyle relay of JoAnne Finn, Karen Synakowski, Kay Maloney and Maggie McDermott also established a school record with an eighth-place showing of 4:08.3.

## OMICRON DELTA KAPPA INITIATES 46 MEMBERS

Forty-three students and three faculty/staff members were initiated into the campus circle of Omicron Delta Kappa, the national leadership honor society, on February 23. The student members represent 14 different academic majors and their mean grade point average is 3.314. They are involved in activities across the campus and community and represent outstanding achievements in the areas of scholarship, athletics, the arts, journalism and mass media, and the areas of social services, student government, student organizations and religious life.

ODK has circles on 184 campuses in the United States. The Plattsburgh circle was chartered in May 1981 and remains the only SUNY campus chapter. With the 46 new members, the local chapter now has initiated 308 students, faculty/staff and alumnae. Members are selected for Omicron Delta Kappa on the basis of academic achievements, contributions to the campus and community, and outstanding character.

Faculty and staff members selected for initiation this year are Patricia Bentley, head of technical services for Feinberg Library, Dr. Marilyn Chase, director of the Center for Human Resources, and Dr. Douglas Skopp, chair of the history department.

Students initiated into the circle and their majors are: Jennifer Andersen (theatre), Edward Asselin (secondary education), Andrea Benck (mass communications), Barry Brown (theatre), Heidi Cohen (mass communications), Eric DeCarlo (biology/philosophy), Theresa Dettori (marketing), Karen Diamond (marketing), Lynne Eynard (food nutrition/chemistry), Michael Gerardi (mass communications), Kevin Gurney (psychology), Alex Hall (environmental science), Ken Hilborne (nursing), Mark Holoska (nursing), Debra Jerkovich (marketing/Latin American studies), Randa Khader (accounting), Sylvia Knapp (international business), Lynn Kohrs (management), Lauren Krams (elementary education/mass media), Suchithra Krishnan (marketing), Kim Lawrence (food nutrition), Paul Luzetski (elementary education), Judith McCluskey (food nutrition), Sandra McGurk (food nutrition), William Mattar (psychology), Traci Moorcroft (communication arts), Margaret Morone (special education), JoAnn Murtha (business/marketing), Jeffrey Nimerofsky (accounting), Ed Ober-tubbesing (mass communications), Deborah Pacyna (mass communications), Kelly Penfield (math), Nancy Preston (behavioral science), Ira Rosenkrantz (business management), Ron Sannicandro (communication arts), Catherine Sassone (secondary education Math), Dawn Steiner (child/family services), William Storr (computer science/math), Heidi Swertinski (international business), Kevin Voltz (management), Susan Weston (nursing), Daniel Zanon (psychology), Susan Zimberg (nursing).

## FOUR FACULTY MEMBERS TO COMBINE TALENTS IN CAMPUS POETS PRESENTATION

The next presentation of the Campus Poets Series (8 p.m. on March 4, Angell Center Cardinal Lounge) will feature a blend of talents of four faculty members. Alan Gasser, lecturer in the Center for Art, Music and Theatre, will sing a sonnet, entitled "Fado Americano," (American Blues), which was composed by Dr. Thomas Braga, associate professor of foreign languages and literature. The sonnet was set to music by Dr. Alan Frank, associate professor in the Center for Art, Music and Theatre. Gasser will be accompanied by pianist Kathryn Stuart, also an associate professor in the Center. In addition, Gasser will read some of his original works.

# weekly notes

**Dr. Angelo La Mariana**, professor of music, has been appointed as a consultant to the diocesan music committee by Bishop Stanislaus J. Brzana for a two-year term. Three articles by La Mariana, "Music to Motivate String Orchestras," "String Orchestra Music," and "Scores," have been published in the June, October, and December issues, respectively of *The School Musician*. . . **Dr. Charles Mitchell**, professor in the Center for Teacher Education, has been approved for residence at the Archbold Biological Station near Lake Placid, Florida, for a two-week period in March. Mitchell will pursue additional research on the great blue heron during his stay. He then plans to visit colonial bird rookeries and researchers at Marco Island, Sanibel Island and Estero Bay. . . **Marilyn Morton**, associate professor of nursing, has reviewed the book *Hospice and Palliative Nursing Care* by Ann Blues and Joyce Zerwekh. Morton's review appears in the February edition of "Hospice," the New York State Hospice Association Newsletter.

## \$200,000 TRUST FUND ESTABLISHED BY 'DOC' REDCAY

The College Foundation has received the largest individual gift in its history with establishment by Dr. Edward E. "Doc" Redcay of a charitable remainder annuity trust valued at approximately \$200,000.

Most of the gift, consisting of stocks, bonds, jewelry and real estate in Florida, was received during 1984. Dr. Redcay added \$25,000 to the trust early in 1985 to raise it to its current, record level.

The Redcay Trust is separate from the Redcay Endowment Fund which was created several years ago and today totals \$102,232.

The "Drs. Lillian Bilkey Redcay and Edward E. Redcay Behavioral Sciences and College Honors Program Endowment Trust Fund" will provide scholarships and grants to undergraduates in the behavioral sciences and to students eligible to participate in the College's Honors Program. Behavioral science majors at Plattsburgh include anthropology, psychology, sociology and behavioral science.

Dr. Lillian Redcay, class of 1942, was a member of the psychology faculty at the college from 1956 until her resignation in 1973. She died in 1982.

Dr. Redcay has served Plattsburgh State since 1936. His many roles as a faculty member and former administrator have ranged from teacher, coach, counselor and department chair to dean of the college, coordinator of programs for talented and honor students and, from 1952-54, acting president. His many honors include the Distinguished Service Award, conferred in 1969, and the Presidential Award of Honor, presented in 1982. In 1969 he was named an honorary alumnus of Plattsburgh State.

Dr. Redcay and his late wife were honored when the State University Board of Trustees approved naming the college's Faculty Office Building in their honor. And last Fall at Homecoming, Dr. Redcay was inducted as a charter member of the Plattsburgh State Sports Hall of Fame. Although he officially retired in 1969, Dr. Redcay still maintains an office at the college where he continues to counsel students.

"Through the years," commented President Burke, "the Redcays have been among the leading benefactors of the institution and the Foundation and among the foremost advocates of the missions of both. This latest demonstration of faith in Plattsburgh State and its students is unparalleled, and all of us at the college are grateful to the Redcays for their generosity and for their commitment to excellence on our campus."

## JOINT ADMISSIONS AGREEMENTS SIGNED WITH THREE SUNY TWO-YEAR COLLEGES

Plattsburgh State has entered into joint admissions agreements with three two-year colleges within the State University system, according to Dr. Richard Robbins, associate vice president for academic affairs. The agreements signed within the last two weeks with Adirondack Community College, Columbia-Greene Community College and Hudson Valley Community College bring the total number of joint admissions agreements to four. An agreement was signed with Clinton Community College approximately a month ago. Robbins said that agreements with Canton Agricultural and Technical College, Cobleskill Agricultural and Technical College, Fulton-Montgomery Community College, and North Country Community College are expected to be completed within the next month. With the conclusion of those four agreements, Robbins said, Plattsburgh will offer joint admission with all of the SUNY two-year colleges within Region III.

The agreements provide for the acceptance of students at both institutions at the same time, and allows students to bypass another admissions application when they receive an associate's degree from their two-year college, provided they meet certain required standards. One of the major objectives of the program, said Robbins, is that students will begin thinking of themselves as Plattsburgh State students during their first two years. Participants in the joint admissions program will be given early options for course registration and housing, he added, and will be invited to come to the Plattsburgh campus for certain functions such as club meetings and special orientation programs. In addition, Plattsburgh representatives will visit those students on their home campuses for counseling and advice.

President Joseph Burke, left, and Dr. Robert Luther, president of Columbia-Greene Community College, sign a joint admissions agreement at the Greenport campus. Looking on, from left to right, are: Dr. Richard Robbins, associate vice president for academic affairs at Plattsburgh; Dr. Frederick Woodward, vice president and dean of instructional affairs at Columbia-Greene; Richard Higgins, director of admissions at Plattsburgh; and Barbara Rupp, director of admissions and registrar at Columbia-Greene.

## **DOROTHY HENNESSY, PROFESSOR EMERITUS OF HOME ECONOMICS, DIES**

Dorothy Hennessy, professor emerita of home economics, died Saturday, March 2 at the Mary Fletcher Unit of the Vermont Medical Center. She began her teaching career at Plattsburgh State as an assistant professor of clothing in 1948. She was promoted to associate professor in 1954. In 1956, she married Joseph Hennessy, now a professor in the Center for Art, Music and Theatre, and retired temporarily from teaching. She returned to the faculty in 1964 and taught on a temporary or parttime basis for a number of years. During her time on the faculty, she taught mainly courses on clothing or textiles. She retired in 1982, but continued to teach one or two courses each semester until last fall. Hennessy served many years as curator of the college's historical costume collection, and did a great deal of work on the care, repair and cataloging of the collection. She was responsible for a major exhibit of the collection in the summer of 1982 in the Myers Fine Arts Gallery.

Hennessy earned both her bachelor's and her master's degree from Pennsylvania State University. She was active in departmental committees. She served as treasurer and later chairman of the Eastern Region of College Teachers of Clothing and Textiles and also chaired the Evaluation Committee for Home Economics Education in New York State. She was a past president of the Champlain Valley Business and Professional Women's Club and a member of the honorary societies Alpha Lambda Delta, Omicron Nu, and Pi Lambda Theta.

She is survived by her husband, and four children. A memorial service was held Tuesday at the Newman Center.

## **NURSING STUDENTS CONDUCT REGULAR HYPERTENSION SCREENING CLINIC**

Senior nursing students are conducting a regular monthly blood pressure screening clinic at the Smith House Health Care Center in Willsboro. Alice Champagne, associate professor of nursing and one of the organizers of the monthly clinic, said, "The program was started to increase community awareness of hypertension and to make people aware of their own blood pressure. The clinic is also increasing the awareness of the Smith House clinic in the area and gives our student nurses an opportunity to perform a public service."

## **'WOMEN AND PEACE' TO PREMIERE ON CAMPUS ON MARCH 28**

The United States premiere of the film "Women and Peace" will take place on campus at 7:30 p.m. on March 28 in Yokum 208. The film is the most recent work of Bonnie Klein, who directed "Not a Love Story," and Terri Nash, producer of "If You Love This Planet." Both Klein and Nash will attend and will lead a discussion following the screening.

That same afternoon, at 12:15 p.m., Klein and Nash will be the featured speakers at the Women's Studies Forum in the Angell Center Cardinal Lounge. They will discuss their work as filmmakers, emphasizing their work with Studio D of the National Film Board of Canada.

Both events are free and open to the campus and public. They are co-sponsored by Women's Studies, Campus Life, CAS and the Center for the Study of Canada.

## **CAMPUS LIFE PHOTOGRAPHY CONTEST WINNERS ANNOUNCED**

Howard Jennings.

## **SPORTS UPDATE: CARDS PERFORMING WELL IN POST-SEASON COMPETITION**

What a week it was for Cardinal sports. With post-season championships finally rolling around, the Cardinal teams have fared quite well against some of the state's toughest competition.

The Cardinal hockey team steamrolled past the stubborn Bears of Potsdam State in the ECAC Quarter-Finals Saturday night at the Field House, 5-4. The seventh-seeded Bears, who came to town riding a six-game win streak, gave the Cards, as well as the 3000 fans on hand, a scare — four times to be exact. The Bears quickly knocked in the night's first goal only 1:06 into the game, but Peter DeArmas answered with his 26th goal of the season just two minutes later, while Jeff Bunyon gave the Cards a lead a couple of minutes later. From there, the Bears tied it up three more times before Joey Ferras put an end to Potsdam's playoff hopes with his 24th goal of the season late in the third period. For the Cardinals, Mark LeDonne scored one goal and Dave Piromalli knocked in two. Michel Valliere turned back 33 Potsdam shots on goal. Tonight Steve Hoar's crew welcome Union College to the Field House. The third-seeded Dutchmen defeated Elmira, 3-2, at Union in their Quarter-Final game Saturday night and have won 14 of their last 15 games. Game time is set for 7:30 p.m.

The Cardinal indoor track teams hosted the SUNYAC Championships Friday and Saturday at the Field House and came away with some outstanding performances. The women grabbed fourth place behind powerhouse Cortland as Linda Krasensky took honors in the 1000 meters and also placed third in the 1500 meters, while Ellen Kissane finished second in the same race and later took fourth in the 800 meters. The men finished in sixth place as Fredonia won their fourth straight title. Rob Dickerman won his second straight shot put title, while Bill Ferreri took second in the 1500 and fourth in the 1000. Bryan Best triple-jumped to third place, while Dan Gambino grabbed fourth in the 55 meter hurdles. Four SUNYAC and nine Field House records were broken in the meet.

Dave Robertson's men's swim team was in Potsdam this past weekend for the SUNYAC Championships. The eight-man squad amassed 45 points, good for 11th place, while Cortland scored 335 for the win. Pat Driscoll had a banner day as he grabbed third place in the 200 yard butterfly with a school-record clocking of 2:03.20, 1.5 seconds ahead of former Cardinal All-American (and Hall of Famer) Pete Stone's record time, set back in 1969. Driscoll copped another school record in the 200 yard freestyle with a 1:50.74 time, but failed to place. Paul Pikulski again lowered his own PSUC record in the 200-yard breaststroke with an eleventh-place showing of 2:21.91, while the 800 yard freestyle quartet of Driscoll, Steven French, Mark Beamish and Chris Keena claimed yet another school record as they clocked 7:33.81, good for eleventh-place.

## MIDDLE EASTERN FILM FESTIVAL SCHEDULED FOR MARCH 29

A film festival, organized by students in the seminar "Women and Islam," has been scheduled for 3 p.m. on Friday, March 29. Three films will be screened, "A Veiled Revolution," "Women Under Siege," and "The Price of Change." The films are concerned, respectively, with women's return to the veil in contemporary Egypt, the roles of women in a Palestinian refugee camp, and the effects of economic change on the lives of Egyptian women. All three films were produced by writer-anthropologist Elizabeth Fernea.

A panel discussion featuring several Middle Eastern students and community women will follow the films. The film festival and discussion will take place in the Angell Center Ballroom A and is sponsored by the anthropology department, the anthropology club and the women's studies program, with support from the Student Association and Campus Life.

## CENTER FOR LIFELONG LEARNING SPONSORING MANAGEMENT SKILLS WORKSHOPS

The Center for Lifelong Learning is sponsoring a three-session series of management skills workshops for administrators and staff members of human service agencies. Ann Prarie, coordinator of the workshops, said that the workshops are part of the Center's on-going professional development program for non-profit agencies. Three workshops are titled, "Effective Delegation in the Human Service Agency," "Critical Issues in Agency Personnel," and "Strategic Planning for Human Service Personnel." Speakers include Dr. H. Griffin Walling, director of the Center for Lifelong Learning; Mayerlyn Miller, director of personnel and affirmative action; and Dr. Fouad El Taher, professor in the Center for Business and Economics. Details and workshop registration forms are available at the Center for Lifelong Learning, Hawkins Hall.

**Weekly will not be published during the next two weeks. Publication will resume on March 27.**

## NEW TELEPHONE SYSTEM TO BE INSTALLED BY MID-AUGUST

A new telephone system will be in working order at the college by mid-August, according to Derek Allan, facilities director. Allan said that work is currently underway on the new system, which is being installed by Rotelcom, Inc., a subsidiary of the Rochester Telephone Company and the low bidder on the project. The most important difference in the system, said Allan, is that since the main switch for the college's telephones will be on campus (Saranac Hall, to be exact) instead of downtown in the telephone company's building, the college will actually be in the telephone business. As a result, a telephone office will be established in Saranac Hall, and will handle such things as billing.

When the system is in place, all telephones on campus will be replaced with touch-tone service. The new system will offer several additional features, such as call forwarding, conferencing (allowing up to 8 parties to participate), "camp on busy" (which allows a caller to 'camp on' a busy line until it is free), direct call pickup and private call (which prevents interruptions). In addition, each telephone outlet will have the potential for data transmission, which will allow linkage with the various computers on campus. Finally, Allan said, WATS lines will be available for in-state calls, rather than the tie-line currently in use. Students may also be tied into the system, and, Allan said, will probably save money.

Allan said that during the installation process, every building will be rewired. This may cause some interruption of services, but he emphasized that interruptions will be kept to a minimum.

## 'BOOKS ON CAMPUS' PROGRAM TO BE INSTITUTED NEXT FALL

The College Services Committee, in order to promote the reading and discussion of books on the campus, will institute a "Books on Campus" program. Dr. Charles Simpson, who chairs the committee, explained the new program. "Faculty members, students, administrators and staff members will be invited to write reviews of books of significance to a wide campus audience. We hope to have those reviews published regularly in 'Cardinal Points,' beginning next fall. The College Store has agreed to stock several paperback copies of each book being reviewed. In addition, posters will be placed around campus to encourage interest in the books."

A letter to all faculty and staff asking for their participation in the program is being distributed. Simpson said he hopes to have at least a semester's worth of reviews completed by September, so that the ordering of books can be facilitated. A three-person committee, which will include Simpson and one representative each from Arts and Science and Professional Studies, is being established to supervise the program. Anyone interested in writing a review of a particular book is asked to contact Simpson in Redcay 237.

## CENTER FOR ART, MUSIC AND THEATRE TO PRESENT 'SWEENEY TODD,' 'KING AND I' THIS SUMMER

The Center for Art, Music and Theatre has announced a full schedule of music theatre activities for the summer. Center Director Richard Probert has announced that this year's Summer Music Theatre Workshop is slated for June 29 through July 21. Nearly 150 applications have already been received for the 40-50 places available in the workshop. Auditions will be held on campus on April 27 and in New York City on May 4. Participants will receive intensive training in acting, singing and dance through a sequence of classes scheduled for the entire three-week session. The workshop culminates with nine performances of the Broadway show, "Sweeney Todd." Returning from last year's workshop and the musical "Pippin" are director Mitchell Weiss, actress Dona Vaughn, choreographer Carol Estey, and costume designer Robin Courbet. Broadway actor Gary Holcombe and musical director Henry Aronson will join this year's visiting professional faculty. PSUC faculty members Mitchell Fore, Dr. Timothy Palkovic, Edward Brohel and Probert will also assist with the workshop.

From July 5 through July 14, the Center will offer a Children's Theatre Workshop, which will be open to 30 students from age 8 to 14. Auditions for this workshop will also be held on campus on April 27. The Children's Workshop will offer instruction in stage movement, singing, dancing, and music video. Dean Hill, who appeared in "Pippin" last year, will return to campus to direct the workshop. A "mini musical review" will be held on July 14 with participants performing music from several well-known musicals.

Students from the Children's Workshop will join with community residents later in July to produce "The King And I." Performances of that musical will run August 1 - 3 and 5 - 11. Auditions for this production will be held on May 11, with rehearsals beginning July 23. Details of all three events are available at the Center for Art, Music and Theatre in the Myers Fine Arts Building (564-2180).

## DAUI WOODIN ASSUMES REGISTRAR'S POST

Dauí Woodin, assistant registrar at the college since February of 1978, has assumed the position as registrar. She succeeds the late Dorothy "Billie" Jackstadt.

Woodin joined the college in the fall of 1973 as a member of the staff of the Office of Analytical Studies and Long Range Planning (now known as Institutional Research and Analytical Studies). She moved to the Registrar's Office less than a year later. Prior to coming to Plattsburgh, Woodin served as an administrative assistant in the Institute for the Study of Science and Human Affairs at Columbia University. She holds the bachelor's degree in government from Columbia.

In addition to her duties in the Registrar's Office, Woodin has been active on the Campus Beautification Committee and on the Faculty Senate's Standing Committee on Resources and Planning. She was elected in 1982 to Omicron Delta Kappa, the National Leadership Honor Society.

#### **PETER DE ARMAS NAMED TO ALL-AMERICA HOCKEY TEAM**

Peter DeArmas, one of the tri-captains of the Cardinal hockey team and Plattsburgh State's all-time leading scorer, has been named to the Titan NCAA Division III All-American hockey team. DeArmas, a senior Spanish/international business major from Marina Del Rey, California, has been a four-year member of the Cardinals. In addition to holding the career scoring record with 203 points, DeArmas also claimed the career assist record this season with 111. In his career with the Cardinals, DeArmas has scored 14 game-winning goals (two of which came in the 1984-85 SUNYAC tournament over Brockport and Oswego), 28 power-play goals, and ten hat tricks (three goals in one game). His most recent hat trick came in the NCAA Division III quarter-finals against Salem State. In addition, he has accumulated only 46 minutes in the penalty box during those four years.

#### **SOCIOLOGIST LYMAN HERE AS DISTINGUISHED VISITING PROFESSOR**

Dr. Stanford M. Lyman, professor of sociology and Asian studies of The New School for Social Research Graduate Faculty, has begun a two-week appointment as Distinguished Visiting Professor at the college. Professor Lyman will be on campus through April 16, to meet classes in a variety of disciplines, to address campus groups and special interest organizations and to deliver a series of public lectures. (Consult "This Week on Campus" for Lyman's lecture schedule.)

Lyman has been described as "a scholar of diverse interests and accomplishments" and as "a leading authority on the experiences of the Chinese and Japanese in America." He is the author of "The Seven Deadly Sins: Society and Evil, a Sociology of the Absurd," and of "The Drama of Social Reality." His works also include: "Chinese Americans, the Asians in the West," and "The Asian in North America." Lyman's most recent book, co-authored with Arthur J. Vidich, is "American Sociology: Worldly Rejections of Religion and Their Directions," published by Yale University Press (1985). A year ago, in recognition of his contributions to symbolic interactionist theory and analysis, Lyman received the Society for the Study of Symbolic Interaction's George Herbert Mead Lifetime Achievement Award.

#### **STUDY GROUP AUTHOR CITES COLLEGE'S PROGRAMS FOR 'INNOVATION'**

One of the authors of the "Involvement in Learning" report of the Study Group on the Conditions of Excellence in American Higher Education has cited Plattsburgh State for "innovative services to freshmen students" through the college's orientation program and Freshmen Seminar. Dr. Zelda F. Gamson, professor of sociology at the University of Michigan, referred to the Plattsburgh programs as examples of the kind which carry out the first recommendation of the study group, namely that "college administrators should reallocate faculty and other institutional resources toward increased service to first- and second-year undergraduate students."

Gamson's comments came in a keynote speech at the recent American College Personnel Association Convention in Boston.

#### **COLLEGE COUNCIL TO MEET APRIL 4**

The next regular meeting of the Plattsburgh College Council will be held at 3:30 p.m. on Thursday, April 4 in the Orchard Room of the Angell College Center. Agenda items include a report on the status of the 1985-86 budget and updates on the college's value-added program, the U.S. Olympic Academy, and commencement.

#### **SIGMA XI LECTURE SERIES TO PRESENT DR. MARY REUDER**

The Sigma Xi Lecture Series will present a lecture by Dr. Mary Reuder from the Queens College department of psychology at its next meeting. Reuder will speak at 8 p.m. on Thursday, April 11 in Hudson Hall room 106. Her topic will be "Your Personal Style Affects What You Do (Personality, Motivation, and Performance)." The lecture is open to the campus and the public.

#### **LIVES OF CHINESE WOMEN EXPLORED IN 'SMALL HAPPINESS'**

The film "Small Happiness: Women of a Chinese Village" will be shown on April 4 in Yokum 208 at 4:15 and 7:30, and will be followed by general discussion. The title "Small Happiness" refers to the persisting attitude which favors male children. A boy baby brings great happiness to the family, while a girl baby is "not exactly no happiness, but a small happiness." Filmed without interpreters or officials present, this documentary lets the women of Long Bow Village talk about their lives with a spontaneity rare in any China film. Their stories range from a grim recounting of an infanticide to recollections of a strike in an all-women workshop. There are tales of footbinding, courtship, marriage, work, and daily life. The film explores the improvements of their position over the last few decades and the problems which still remain.

Prior to the film showing on April 4, there will be panel discussion on the film in Cardinal Lounge at 12:15 p.m. Participants include Beulah Link, Cheryl Davidson, Ming Dai, Jean Hoffman, and Peggy Mulligan. The program is coordinated by George Pasti, Jr. and sponsored by the Women's Studies Program and the Office of Campus Life.

#### **ELEVENTH ANNUAL CAREER NIGHT SLATED FOR APRIL 11**

The Office of Career/Life Planning and Placement has announced plans for its eleventh annual Career Night to be held Thursday, April 11, from 7 to 9:30 p.m. in the Angell Center Ballroom. "This forum allows representatives of employing organizations and professional associations an opportunity to provide information and advice about careers to our student body," said Patrick Lennahan, director of placement. "It is one of the largest and best-attended career information programs in New York State." Exhibit space for 100 tables is available in the Angell Center facility and the event is open to all students and faculty at the college.

Organizations may also take advantage of the occasion to schedule interviews and information sessions with graduating students for job openings. Recruitment will be conducted on April 11 and 12 in the Angell Center. Interview registration will be conducted in advance, giving employers the opportunity to review resumes beforehand. The Career Night Program is presented with assistance from the Plattsburgh State Alumni Association. Many of the representatives participating are alumni of the college.

## ANTHROPOLOGIST COHEN AWARDED GUGGENHEIM FELLOWSHIP

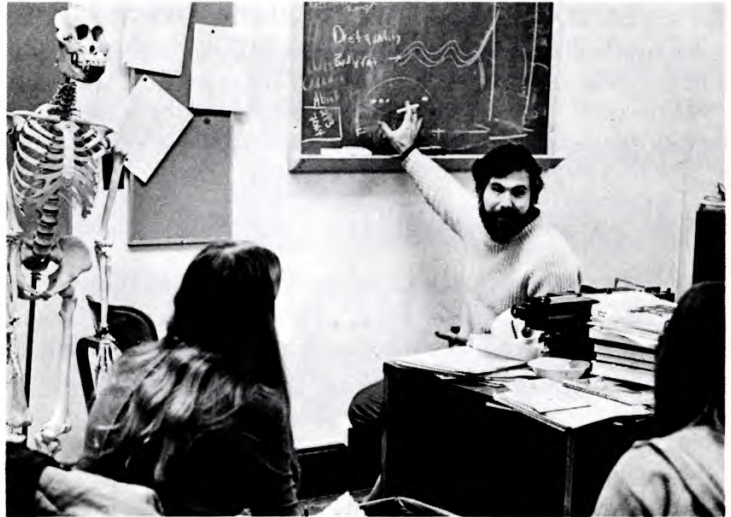

Dr. Mark N. Cohen has been selected as one of 270 American scholars, scientists and artists to receive a 1985 John Simon Guggenheim Memorial Foundation Fellowship. Cohen, professor of anthropology, has been awarded \$20,000 to complete a book on the impact of civilization on human health. His fellowship, effective September 1, will enable him to be a visiting scholar in the department of archaeology at Wolfson College of Cambridge University, London, England.

The prestigious fellowships, awarded annually, were established in 1924 by United States Senator Simon Guggenheim and his wife as a memorial to one of their sons. They are awarded to further the development of scholars and artists by assisting them in research in any field of knowledge or artistic creation, and to improve the quality of education and practice in the arts and the professions.

Cohen said his book, which has been solicited by Yale University Press, will discuss the two major prehistoric cultural transformations — the invention of farming and the rise of "civilization" (urban states) — and will evaluate the health implications of each. The work will address a long-standing controversy of interest of scholars in many fields bridging the sciences and the humanities. It will parallel other works in medical and social history, but will deal with the changing structure of human society — the history of civilization and its implications in the broadest sense — rather than focusing primarily on specific historical episodes or specific cultures.

A member of the Plattsburgh State faculty since 1971, Cohen is the author of two books, "The Food Crisis in Prehistory" and "Paleopathology at the Origins of Agriculture," and senior editor of a third: "Biosocial Mechanisms of Population Regulation." He has been a recipient of a fellowship to the Center for Advanced Study at Stanford University and of a National Science Foundation grant for excavation and analysis of Mayan skeletal material. Renewal of the latter grant is pending. He teaches courses in physical anthropology and archaeology, human evolution, cultural ecology, sociobiology, and medical anthropology, among others.

President Joseph C. Burke commented on Cohen's Guggenheim award as "striking evidence of his stature as a scholar in anthropology." He added: "His achievement is indicative of the excellence among faculty that prevails throughout the college." Vice President for Academic Affairs Dr. Jerome Supple echoed Burke's remarks. "For Dr. Cohen to win such a highly competitive and prestigious award is not only testimony of his scholarship and reputation but, by reflection, speaks to the quality of our institution as a whole."

## CARRIER EXECUTIVE TO RECEIVE DISTINGUISHED ALUMNUS AWARD

Roger Merriam, a 1969 graduate of the college's economics program who is serving as director of marketing for Middle Eastern Operations for Carrier International, has been selected to receive the 1985 Distinguished Alumnus Award. The award, presented by the president of the college and the Alumni Association's board of directors, recognizes graduates of Plattsburgh State "whose achievements have brought honor not only to self but also to alma mater." It will be conferred on Merriam during spring commencement exercises on Sunday, May 19.

Merriam, who also holds the MBA from Syracuse University, has been employed by Carrier since the week following his graduation from Plattsburgh 15 years ago. He has worked his way up the corporate ladder through 11 different positions, including sales and service posts in Atlanta and Los Angeles, and as director of international sales and member of the board of directors of a Carrier subsidiary company in Tokyo, Japan. Prior to last September 1, Merriam was the corporate director of worldwide product planning for Carrier, with responsibilities for establishing the future direction of new products for the \$2 billion per year manufacturing concern and for managing and coordinating the resources of the firm's various divisions. In his current position, Merriam has responsibility for the complete marketing function for all products, for dealer development, distributor promotion, advertising incentives and training programs for the company's Middle Eastern zone, which represents about one-fourth of Carrier International's business. His offices are in London, but he will return to the U.S. to receive his Alumni Association's highest award in person.

"Roger Merriam was the unanimous choice to receive this honor," remarked Malcolm Lavery, director of alumni affairs. "He not only has distinguished himself professionally, he has also earned our gratitude as a loyal and outspoken advocate of Plattsburgh State in general and of its academic quality in particular."

### COLLEGE COUNCIL VOTES: DSA FOR FERRARO, HONORS RETIREES

The College Council will present a Distinguished Service Award to former Congresswoman Geraldine Ferraro, who will be on campus on May 19 to deliver the commencement address.

The Council has also voted to honor 23 individuals who will retire from the faculty and staff this year. Each individual will be awarded a special resolution from Council Chairperson Louis E. Wolfe at a reception to be held on May 17th. In addition to the 22 faculty and staff whose retirements have been announced, the other retiree is Mrs. Mattie McGhee, a janitor, who has served the institution since May 31, 1963. All of the retirees are being honored for "their many contributions to the college."

At its April meeting on Thursday, the Council also heard reports from: President Burke (Status of the 1985-86 Budget), Thomas Moran (Update on the Value-added Program), Dr. Ernest Rangazas (Olympic Academy) and Don Garrant (Commencement '85).

### D.C., VENEZUELAN GOVERNANCE ORGANIZATIONS TO REPRINT BURKE ARTICLE

The Association of Governing Boards of Universities & Colleges in Washington, D.C., has requested (and has been granted) permission to reprint President Joseph C. Burke's article, "Finding Solutions to the Governance Crisis Facing Public Universities," in the May/June issue of "AGB Reports." The article appeared originally in the January 16, issue of "The Chronicle of Higher Education." Also, the North American Association of Venezuela has requested permission to translate President Burke's article into Spanish for distribution to rectors of the nation's public universities and its Board of Higher Education. In making the request, Isabel Gouverneur, director of the association's Educational Guidance Service, stated that the article "describes problems and suggests solutions that are relevant and feasible not only in the U.S. but also in Venezuela and possibly all of Latin America."

### APA GRANT CONTINUES BOGUCKI-GRUENDLING WETLANDS INVENTORY

Drs. Donald J. Bogucki and Gerhard K. Gruendling, professors of environmental science have received a \$23,000 grant from the Adirondack Park Agency to continue the inventory and mapping of the Park's wetlands. Bogucki and Gruendling, who were awarded a \$40,000 grant to conduct the first phase of the inventory in 1981-82, will expand their work into the Phase II area of the Park. The project will begin in May and is expected to take eight months to complete.

The numerous Park wetlands will be inventoried and mapped using aerial photographic analysis and on-site field investigations. The wetland boundaries and vegetative cover types will conform to U.S. Fish and Wildlife Service Mapping conventions, and the wetlands maps produced from this project will be published eventually as part of the National Wetlands Inventory mapping program.

### PRIZE-WINNING POET TO PRESENT READING HERE TOMORROW

Olga Broumas, winner of the Yale Younger Poets Award for her book, *Beginning with O*, will give a reading from her recent work tomorrow at 8 p.m., in the Blue Room of the Angell College Center. Broumas, the author of several other volumes of poetry, including *Pastoral Jazz* and *Soie Sauvage*, has been the recipient of Guggenheim and National Endowment for the Arts awards. She has taught at a number of colleges, including Goddard, and presently works and resides at Freehand, a school for women writers and photographers in Provincetown, MA.

### CENTER FOR HUMAN RESOURCES TO CO-SPONSOR SYMPOSIUM WITH CORNELL

The Center for Human Resources will co-sponsor, with the Human Ecology Alumni Association and Cooperative Education from the NYS College of Human Ecology at Cornell University, an all-day Human Ecology Symposium on April 16 in the Angell College Center. The symposium will include discussion on "Reduced Material Expectations, Voluntary Simplicity and Chinese Menus," "The Energy Efficient, Expandable Starter Home," "Parental Empowerment: A Positive Approach to Family Support," and "Diet and Human Cancer." Speakers will include Jeanne Hogarth, assistant professor of consumer economics and housing; Leonard Mankowski, assistant professor of design and environmental analysis; Moncrieff Cochran, associate professor of human development and family studies; and T. Colin Campbell, professor of nutritional biochemistry. Details and registration forms are available at the Center for Human Resources.

## DR. JANE GORE WINS FULBRIGHT AWARD TO LECTURE IN INDIA

Dr. Jane Gore, associate professor in the Center for Human Resources, has been selected to receive a Fulbright Grant to lecture in India. Gore has been assigned to the I.C. College of Home Science at Haryana Agricultural University in Hissar, India and will teach family management during the fall semester. The Fulbright Program functions under the authority of the Mutual Educational and Cultural Exchange Act of 1961 and is operated by the United States Information Agency.

Ronald Trowbridge, USIA associate director for educational and cultural affairs, said that Gore's "impressive academic accomplishments have made possible (her) participation in the Fulbright Program. We are convinced that the same standard of excellence will serve (her) well as (she) becomes a representative of the American people in India."

Gore, a member of the Plattsburgh State faculty since 1977, received her bachelor's degree from the University of Illinois and her master's degree and doctorate from Cornell University. She served in the Peace Corps in Nepal for two years and has been involved with rural development work in both the North Country and in Ecuador for many years. She has been awarded several grants to support her work in rural development and has published numerous articles on the topic and on experiential education.

Gore is a member of the Cornell Council, a nationally selected advisory group to the Cornell Board of Trustees, and a member of the Board of Directors of both the Clinton County United Way and the Mental Health Association. She is currently on sabbatic leave at the College of Human Ecology at Cornell, where she is doing post-doctoral work in program evaluation. She is also in charge of the Human Ecology Symposium Series, which is being presented in various locations around the state.

## OPEN HOUSE FOR PROSPECTIVE STUDENTS APRIL 27

Approximately 800 visitors will be on campus next Saturday to attend the annual Spring Open House for prospective students and their families. The day's activities will begin at 9:30 a.m. with a welcoming session in the Angell Center Ballroom. Beginning about 9:45 a.m., the visitors will be taken to the departments of their intended major to talk with faculty and students. Undeclared students will meet with a group of faculty members who advise those students. Following their visits to departments, the prospective students and their families will be taken on a walking tour of the campus and to lunch in a campus dining hall. Various student organizations will have information tables set up in the Angell Center during the afternoon. Four workshops — "What to Expect From Now Till Fall," "Information for Transfer Students," "Placement, Internships, and Cooperative Education," and "The Honors Program" will each be offered twice during the afternoon. In addition, the Financial Aid Office will meet with families who have made appointments, and the Housing Office and the Bursar's Office will be open to accept deposits. Activities will conclude at 2:30 p.m.

## '85 BUSINESS/CORPORATE CAMPAIGN KICKS OFF ON MONDAY

The Foundation's 1985 Business/Corporate Campaign kicks off on Monday afternoon with a goal of \$72,000 and a record number of community volunteers ready to raise funds for the college's student aid program.

Clifford Calongne, vice president for operations of Northern Insuring Agency and Harry E. Mowry, vice president of Harris Graphics, will co-chair the drive with the assistance of eight vice-chairpersons and about 75 volunteers. The group will send personal letters to about 500 area businesses and then follow up with personal solicitations.

Serving as vice chairpersons are: Anne Brandell, Donald Kasprzak, Carl Leahy, Ronald Marino, Barbara Murray, Michael Murray, Roger Nolette and Nicholas Pope.

## CENTER FOR STUDY OF CANADA RECEIVES BLOCK GRANT

The Center for the Study of Canada has received a block grant from the Government of Canada in the amount of \$14,500 to support the activities of the Center during 1985. The funds will be used specifically to coordinate the Center's outreach program, its publications, the development of mini-courses in Canadian Studies and faculty research and travel.

"Given the significant cutbacks which the Canadian government has imposed on the Consulates and Embassy in the United States," commented Dr. Richard Beach, Center director, "we consider ourselves extremely fortunate to have received such a large grant. However, we believe that ours is the largest grant awarded to any college or university in the U.S. this year. We are proud obviously that the Canadian government continues to demonstrate confidence in the quality and variety of Canadian Studies at Plattsburgh State."

### **PRESIDENT'S CLUB MEMBERS TO BE HONORED**

President and Mrs. Burke will host members of the Plattsburgh College Foundation's President's Club at a brunch on Sunday morning in the Orchard Room of the Angell College Center. Twenty new members of the club will receive plaques and ninety previous members will get date tabs to add to their plaques, indicating a gift of \$500 or more to the Foundation in 1984.

Joining the President's Club for the first time were: Bourdeau Brothers, Inc., the Chuck Wagon, Dr. T.H. Collins Associates, J.D. Dame Contracting, Mr. and Mrs. Don Garrant '57, Mr. and Mrs. Jun Hasegawa, Mr. and Mrs. Albert Hassler, Mrs. Mary A. Koehler, Mrs. Helen Vanderbilt Kozma '42, Mr. and Mrs. Malcolm R. Lavery '64/'75, Mr. and Mrs. Jay Letts '80/'82, Dr. and Mrs. Eugene P. Link, Dr. and Mrs. Charles Mitchell, the Packaging Corporation of America, Peabody's Restaurant, Mrs. Janis Thompson Pedersen '60, Mr. and Mrs. Robert Purdy '50/'50, Mr. and Mrs. Donald Sokolowski, Ms. Judith A. Tierney '62, and Mr. and Mrs. Robert Weissflog '67/'69.

### **ADAMS NAMED MAX PLANCK SOCIETY FELLOW**

Dr. Donald D. Adams, professor in the Center for Earth and Environmental Science, was notified recently that he has been awarded a competitive research fellowship from the Max Planck Society to conduct studies on methane gas cycles on northern German lakes. The Max Planck Society operates 49 research institutes in Europe. It employs about 8,300 scientists, of which approximately 1,000 are visiting scholars from foreign countries. Adams will be at the Max-Planck-Institut für Limnologie, in Plön, the oldest limnologic station in Europe from June 1985 through the end of 1986.

Adams' research will focus on changes in lake carbon and nitrogen budgets as these waters experience nutrient loading a term called "cultural eutrophication." Because the level of methane in the earth's atmosphere has doubled in the past decade, many scientists are concerned about changes in global climate and depletion of the ozone layer. His studies will examine the sources of methane for various environments as related to global budgets.

### **ACROTHEATRE TO PRESENT SPECTRUM '85; BUD BEYER'S LAST SHOW**

Spectrum '85, the annual Acrotheatre show, will be held April 18 - 20 at 8:30 p.m. in the Memorial Hall gymnasium. This year's show will be the final one for its creator, Erwin "Bud" Beyer, who developed the original concept 40 years ago at the University of Chicago and brought it to Plattsburgh State in 1964. Beyer, Acrotheatre's only coach since that time, will retire at the end of the semester.

Acrotheatre members have been working on this year's show since last fall and have created their own acts. Spectrum '85 will feature 32 acts and 40 performers dancing, tumbling, juggling, and performing various gymnastics routines. The show is also noted for the creative use of costumes, props, lighting and music. Acrotheatre tickets are on sale at the Angell Center Desk.

### **SOCIALIST MAYOR OF BURLINGTON TO VISIT CAMPUS NEXT THURSDAY**

The Honorable Bernard Sanders, mayor of Burlington, Vermont, will visit the campus next Thursday, April 25. Sanders, the only mayor of a major U.S. city representing a Socialist political viewpoint, will speak on his experiences and perspectives at 4:15 p.m. in the Angell Center Ballroom. Recently overwhelmingly re-elected to a third term in office. Sanders is the highest Socialist office-holder in the country. His visit is co-sponsored by the Student Historical Association and the history department, and his lecture is free and open to the campus and public.

### **F. LEE BAILEY TO SPEAK ON CAMPUS APRIL 25**

F. Lee Bailey, recognized as one of the nation's foremost defense lawyers, will speak at Hawkins Hall at 8 p.m. on Thursday, April 25. Tickets for the event are \$3 for SA members and \$5 for the general public, and may be purchased in advance at the Angell Center Desk or at the door.

Bailey's clients have included kidnapped heiress Patricia Hearst, the Boston Strangler, and U.S. Army Captain Ernest Medina, who was charged with the mass murder of civilians in the Vietnam village of My Lai. He is the author of three best-selling non-fiction books, *The Defense Never Rests*, *For the Defense*, and *Cleared for the Approach*, as well as a best-selling novel, *Secrets*. Bailey currently heads a law firm in Boston. His visit to Plattsburgh is sponsored by the SA Speakers Forum.

### **CANADIAN STUDIES HOSTING FESTIVAL QUEBEC**

Antonine Maillet, well-known Canadian novelist and playwright, will be the special guest of this year's Festival Quebec, scheduled for April 24. Maillet's works are well known in both Quebec and France, and she is a recent winner of the prestigious Prix Congourt. Maillet will speak (in English) on "Acadia — The Youngest and the Oldest Culture in North America" at 7:30 p.m. in the Angell Center Ballroom. The day's activities will also include a film presentation, an information booth on Quebec and a Quebecois menu in the campus dining halls. Festival Quebec is sponsored by the Center for the Study of Canada.

### **CHORAL ARTS SOCIETY TO HONOR BACH WITH PERFORMANCE OF ST. JOHN'S PASSION**

In celebration of the tercentenary of Johann Sebastian Bach, the Choral Arts Society, under the direction of Richard Probert, will perform Bach's "Passion According to St. John" at 3 p.m. on April 21 in the Hawkins Hall Auditorium. First performed in 1724, the "Passion" is based on the German Bible. Soloists portray Christ, the Evangelist, Pilate and others while the chorus functions as a Greek chorus and provides the conscience of the people, soldiers, and angry crowd. Guest soloists are graduate students in music at Boston University. The chorus will be accompanied by a chamber orchestra. Tickets are available at the Hartman Theatre Box Office and at the door.

### **COLLEGE THEATRE PRODUCTION OF 'EQUUS' OPENS APRIL 24**

The College Theatre Association's production of Peter Shaffer's "Equus" will open for an eight-performance run on April 24. The show, described as "a portrait of the drives that lead men to crucify themselves," will be presented nightly at 8 p.m. from April 24 - 27 and May 1 - 4 in the Hartman Theatre.

Dr. Ruth Kline directs the play. Members of the cast include David Dubin, Barry Brown, Monica O'Rourke, Kaarina Brown, Rega Lapar, Tim Cavanah, Rick Woodside, Paul Evans III, Drew Eppich, Don Mason, Jim Winters, and Neil Feder. Tickets are available at the Hartman Theatre Box Office.

## NOMINATIONS BEING SOLICITED FOR HONORARY DEGREES

Nominations are currently being solicited for SUNY honorary degrees to be awarded next spring. Names submitted in the past are still under consideration. Anyone wishing to submit additional suggestions are asked to contact the President's Office on or before April 25.

## IRANIAN ANTHROPOLOGIST TO BE CAMPUS GUEST NEXT WEEK

Dr. Mehdi Soraya, formerly the chairperson of the department of anthropology at Tehran University, Iran, will be a guest on campus from April 20-24. Soraya will speak on "American Culture as Viewed by a Non-American Anthropologist," at 4 p.m. on Monday, April 22 in Redcay 105. On April 23 at 4:15 p.m., Soraya will discuss "Current Events in Iran" in the CVH Commons. Both talks are free and open to the campus and public. Soraya's visit is co-sponsored by the departments of anthropology, history and political science, and by the Center for International Studies.

## SPORTS UPDATE; TEAM TRACK RECORDS FALL

Competing against some of the toughest division I competition in the East, the Cardinal men's track team came away from this past weekend's University of Massachusetts Relays with several superlative performances. Senior Rob Dickerman led the way as he qualified for the NCAA Division III National Championships with a school record toss of 167'3" in the hammer throw. Dan Gambino met qualifying standards for the NYSCTFA Championships with fine runs in the 110 meter high hurdles and the 400 meter high hurdles, and Bill Kinahan clocked a personal best of 51.3 in the 400 meter dash. The women were at the Eighth Annual Albany State Invitational, where sophomore Sue Hutchins smashed two PSUC records. Hutchins captured the 200 meter dash with a record clocking of 26.1, then took second in the 400 meter dash in 59.3, to lead the Cards to a seventh place finish. Marcy Moffe qualified for the NYSIAAW Championships with her school record effort in the heptathlon and also grabbed the school record in the 100 meter hurdles (16.5) in the process. Ellen Kissane finished second in the 800 meter run with a time of 2:25.2. Both the men and women are at the University of Rochester this weekend.

## HONORS CENTER OPENS IN HAWKINS HALL

Plattsburgh State's honors program has a new home. The former Empire State College office in Hawkins Hall 123 has been completely renovated and occupied recently to become the college's Honors Center. According to Dr. David Mowry, professor of philosophy and director of the honors program, the facility consists of a combination study lounge and informal meeting room for students, a seminar room that can accommodate small classes of 15-20, office space for the program director, and a mini-library. The latter, said Mowry, has been furnished with a copy of every text in use in the current freshman-sophomore level honors seminar program, provided courtesy of the College Store. He added that, in addition to providing special place for honors students to engage in extraclass discussion and activities with other motivated undergraduates, the Center presents opportunity for increased visibility generally for the institution's honors program.

At the present time, nearly 50 students are participating in the general (freshman-sophomore) honors program, while another seven or eight are in the advanced program. Both programs were implemented effective last fall. Mowry said the college's Honors Council is working with departments and Centers to develop advanced honors opportunities for students based in a variety of disciplines.

## FORENSIC TEAM TAKES SECOND IN STATES; CAPTURES TITLES IN FOUR EVENTS

Plattsburgh's forensic team placed second in last weekend's State Forensic Championship, which was held at St. John's University and won by the host team. Team members Johnna Eckelman, Cindy Strever, and Shaughan Clancey won state titles in four events. Eckelman won the pentathlon (combined score in five events), while Clancey placed second. Strever won the persuasion title, bringing Plattsburgh's record in that event to 12 consecutive titles, and combined with Eckelman to win dramatic duo, and Clancey won the prose interpretation title. Additionally, Cathy Berghahn was fifth in persuasion and rhetorical criticism; Eckelman was third in poetry, fourth in rhetorical criticism, third in poetry interpretation, and, teamed with Clancey, was second in dramatic duo. Clancey placed fourth in after-dinner speaking, third in rhetorical criticism, and teamed with Gretchen Shawe for fourth in dramatic duo. Clancey, Eckelman and Strever, along with forensic coach Al Montanaro, are at Marshall University in West Virginia this week competing in the National Forensic Tournament.

On the debate side of the tournament, Tim Stachurski and Stacey Barrie placed third in novice debate, while Ken Nagle and Karen Sutton were fourth. Barrie was named fourth place novice speaker and Stachurski was fifth. Mary Maloney teamed with Deanna DeBrine to take third in varsity debate event and was also named fifth place varsity speaker.

## COMPUTER CENTER TO HOST DEDICATION AND DEMONSTRATION ON FRIDAY

The Academic Computing Center will be officially dedicated at 3:30 p.m. on Friday, April 26. The formal dedication ceremony will be part of an afternoon-long Open House at the new Center, located in the basement of Hawkins Hall. During the afternoon, Data General representatives and Plattsburgh faculty will demonstrate computer-based instruction software, an automated office system, and other software which is available in the Center.

The Academic Computing Center, which opened in January, provides access to three different types of computers. The Data General mini-computer has 38 terminals in the facility. In addition, eight terminals are tied into the college's main-frame Burroughs computer and five terminals access the PDP 11/24 minicomputer.

## GRUENDLING, BOGUCKI, ADAMS WIN ADDITIONAL GRANT

Drs. Gerhard K. Gruendling and Donald J. Bogucki, professor of environmental science, and Dr. Kenneth B. Adams, assistant professor of environmental science, who are currently investigating lake acidification processes in the Adirondacks with a \$50,000 grant from Oak Ridge National Laboratory, have recently been awarded an additional grant of \$49,962 to continue their work. The project, entitled "Data Collection for Testing Alternative Hypotheses Concerning Increased Acidification and Fish Population Declines in Complex Adirondack Lake Systems," will directly support the 1985 Integrated Assessment being conducted by staff of the Environmental Sciences Division at Oak Ridge National Laboratory for the National Acid Assessment Program. The research will provide quantitative and qualitative data to help distinguish between complex Adirondack Mountain lakes primarily acidified by anthropogenic causes (e.g. atmospheric deposition of air pollutants) and those acidified by natural causes.

## **PHI ETA SIGMA, FRESHMAN HONOR SOCIETY, INDUCTS 29**

The campus chapter of Phi Eta Sigma, the national honorary society for freshmen, inducted twenty-nine new members during a ceremony on Sunday. Membership in the honor society is open to students who achieve a grade point average of 3.5 or better (out of a possible 4.0) during one semester of their freshman year. Students inducted this semester and their hometowns are as follows: Claire Anderson, Granville; Karin Bahrenburg, Huntington; Nancy Barnaby, Essex; Heidi Beck, Eagle Bridge; Jennifer Bell, Delmar; Kathrin Berg, Fabius; Carol Brander, Lisbon; Karen Champagne, Cadyville; Jeanine Debar, Babylon; Dayle Dermatis, Plattsburgh; Laura Dunne, Peru; Teresa Esch, Scotia; Julie Guay, Plattsburgh; Mary Kupferer, Poultney, VT; Lisa Langolf, Utica; Jean LaPage, Fort Covington; Peter Lauzon, Fort Covington; Jennifer Marcil, Plattsburgh; Lisa Moeske, Castleton; Dana Olmsted, East Greenbush; Jennifer Potter, Bombay; Lyle Prairie, Fort Covington; Joseph Richardson, Pearl River; Lori Rogers, West Sand Lake; Thomas Schaller, Delmar; Janet Seal, Port Jefferson Station; Erika Silberman, Yorktown Heights; Ellyn Tighe, Wolcott; and Laura Winn, Liverpool.

## **STUDENT SHOWCASE AND RECOGNITION WEEK KICKS OFF SUNDAY**

The annual Student Showcase and Recognition Week, which this year actually encompasses nearly two weeks, begins Sunday evening with the Second Annual Academic Convocation. During the convocation, an honorary Doctor of Fine Arts degree from the State University of New York will be conferred upon sculptress Nina Winkel. Numerous students who have earned awards, prizes and scholarships will be recognized for their efforts, and the Phi Eta Sigma Distinguished Faculty Award will be presented. The Annual Juried Student Art Exhibition will begin in the Myers Gallery on Wednesday. That same evening, members of the college's national student academic honorary societies will be honored in a recognition program. Students will present their original research at the Sigma Xi Mini-Symposium (May 4) and at a special session of the Women's Studies Forum (May 9). The forensic team will demonstrate their various talents during a showcase session on May 8, while other students will read their literary works on May 9. On May 10, a variety of activities and service contributions by students will be recognized during the Fifth Annual Student Activities Awards Program and Cardinal athletes will be honored at a banquet on May 5. The college's symphonic band, jazz ensemble, chorale and college-community orchestra will all present concerts during the two-week period, and the College Theatre Association's presentation of "Equus" will continue through May 4. Most activities are open to the campus and community and a complete schedule of events is available around the campus. Events will also be listed in the "Weekly" calendar.

## **SPORTS UPDATE; TRACK TEAMS CONTINUE TO DO WELL**

The Cardinal men's and women's outdoor track and field teams continued their winning ways last Saturday at the University of Rochester. The men, facing some of the toughest competition they've seen all season, grabbed third with 46 points behind powers Rochester (99) and St. Lawrence (60). The women, although injury-plagued, accumulated 50 points to finish second behind Rochester (78), while Buffalo State (39) and Alfred (7) rounded out the scoring.

For the men, Co-Captain Rob Dickerman enjoyed a successful afternoon by capturing the shot put, javelin throw and the hammer throw, as well as taking second in the discus throw behind teammate Eric Morabito. Dan Gambino captured the 110 meter high hurdles and later finished second in the 400 meter intermediate hurdles. Junior Bill Kinahan grabbed third in the 200 meter dash with a New York State Collegiate Track and Field Association (NYSCTFA) Championship qualifying mark of 22.7, while Gregg Mulson copped fourth in the 10,000 meter run and middle-distance ace Bill Ferreri, making his first outdoor appearance after suffering a foot injury, clocked 1:58.1 in the 800 meter run, good for fifth place.

Sophomore sensation Sue Hutchins met a PSUC standard in the triple jump, where she leaped for a winning mark of 31'8", and later combined with Cheryl Miner, Ellen Tighe and Kathrin Berg (both freshmen) for another PSUC record, this one coming in the 4 X 400 meter relay, as the quartet won with a time of 4:21.5. Marcy Mofte broke her own PSUC record in the heptathlon with a total score of 3603 points, good for second place, and also won the javelin throw (107'10") and the high jump (4'10").

## **ANTHROPOLOGY FACULTY, STUDENTS PLAYING MAJOR ROLE IN ASSOCIATION ANNUAL MEETING**

Members of the anthropology faculty and several Plattsburgh students are playing a major role in the annual meeting of the Northeastern Anthropological Association being held this week in Lake Placid. Plattsburgh State is one of the four host institutions (along with SUNY Potsdam, St. Lawrence and Clarkson). Drs. James Armstrong and Philip DeVita have been serving on the planning committee for nearly two years.

Plattsburgh faculty and students will be involved in five of the 42 paper sessions. "Current Research on Mayan Skeletal Remains from Tipu, Belize" includes papers by Dr. Mark Cohen; students Sharon Bennett, Helene Melkunas, and Deborah Light; and Carl Armstrong '74. "What Madison Avenue Doesn't Want You to Know: The Use and Misuse of Verbal and Nonverbal Language in Television Advertising" consists of papers by DeVita and students John Gibbons, William Greene, Elizabeth Klauber and Jeffrey Pepper. Dr. Gordon Pollard has organized a session on "Historical Archaeology of a 19th Century Iron Mine Community in the Northern Adirondacks of New York State," and papers will be presented by Marjorie Weinberg, Lisa Brothers, Kim Holtyn, Dan Bancroft and Mark Beauharnois, all of whom participated in last summer's field school. In addition, Armstrong and Beauharnois will give a paper on "Mistakes, Distortions, Lies, and Bias in Informal Responses to Queries about Social Relations"; Dr. Richard Robbins and DeVita will present "The Introductory Course in Anthropology"; and Dr. Patricia Higgins will serve as discussant in the session on "The Teaching of Anthropology."

Most of the students whose work is being presented at the meeting will receive financial support to attend from the Redcay Awards Fund of the Plattsburgh College Foundation. Melkunas and Beauharnois are presenting work they undertook as Redcay Apprentices.

## **THIRD ANNUAL CROP WALK SLATED FOR APRIL 28**

The Third Annual CROP Walk will be held on Sunday, April 28, to raise money to fight hunger. Rev. Jack Studebaker explained that this year's goal has been set at \$7500. The Student Association has already voted to donate \$150 to the fund-raising event. Twenty-five percent of the funds will go to the Ecumenical Food Shelf to meet the emergency needs of persons in Clinton County, while the rest is slated for needy areas in Africa. Participants raise money by getting sponsors to donate money for each kilometer walked in a 10-kilometer course. The CROP Walk is co-sponsored by the Newman Association, the Interfaith Council, the Student Life Committee of Clinton Community College, and Plattsburgh State's Student Association. More information is available from Studebaker at 561-7545.

## TWENTY-SIX STUDENTS PLACED IN SUMMER CO-OPS TO DATE

As of April 22, 26 students have already been accepted for Co-operative Education placements for the summer, according to Dr. Ann Hasting, director of the program. These placements provide on-the-job experience for students in their field of interest, as well as a salary. Salaries for this summer's placement range up to \$400 a week. Summer placements so far include the following companies and agencies: IBM (11 placements in 6 locations), NYS Department of Environmental Conservation, Grumman Aerospace, Union Carbide, Internal Revenue Service (3 placements), Soil Conservation Service, Halloran House, Castle Rest Nursing Home, National Bureau of Standards, TVA, VA Hospital in Albany, Tempel Steel Company, NYCO, and McDonalds. While the vast majority of placements are of students in computer science and accounting, students majoring in environmental science, nursing, mathematics, audiology and engineering have also been placed.

Hasting added that four December and May graduates have already accepted permanent positions with their co-operative education employers. May graduates Tom Hursyz and Catherine Cullen will go to work for Orange and Rockland Utilities and Internal Revenue Service, respectively. December graduates Maureen Poland and Joseph Holtman are currently working for the Marriott Corporation and Orange and Rockland Utilities respectively.

## weekly notes

An article by **George Abbe**, professor emeritus of English, has been published in "Between the Species," a journal of ethical thought about the quality and kinship of all life. The article is entitled "Person Earth." The quarterly journal, which Abbe co-edits, will also publish excerpts from two of his unpublished novels. . . **Dr. Stewart Denenberg's** paper, "A Service Project from Computer Science to Psychology: Emulating SOLO in LOGO," has been accepted for publication in the Association for Computer Machinery's Special Interest Group on Computer Science in Education Bulletin. Denenberg, an associate professor of computer science, has been invited to present versions of this paper at the Mini and Microcomputer International Symposium in Barcelona, Spain in June and at the LOGO85 Conference at MIT in July. . . **Dr. Helen Deresky**, assistant professor in the Center for Business and Economics, will present a paper, entitled "The General Manager's Job Content: Implications for Management, Education and Development in the 1990's," to the Eastern Academy of Management in Albany in May. . . **Dr. Carrie Harris**, associate professor in the Center for Human Resources, has been appointed to the editorial board of "Topics in Clinical Nutrition," a new quarterly journal for clinical dietitians. . . **Dr. Alexis Levitin's** translation of Jorge de Sena's poem "At Fifty" will appear in the second edition of *The Poetry of Jorge de Sena*. ## DR. EDGAR BARTON NAMED DISTINGUISHED TEACHING PROFESSOR

Dr. Edgar Barton, professor of art in the Center for Art, Music and Theatre has been named a State University of New York Distinguished Teaching Professor. Barton is the first Plattsburgh faculty member to receive this designation. The award, conferred by the SUNY Board of Trustees on the recommendation of the Chancellor, honors persons who have demonstrated outstanding teaching competence over a period of years at the undergraduate level. A Distinguished Teaching Professorship is a rank above the full professorship and carries with it the responsibility of devoting a "considerable portion of time to curricular reform and the improvement of instruction on the home campus." In addition, Distinguished Teaching Professors are expected to devote up to a full week in service to SUNY on campuses other than their own.

Barton is the senior faculty member on the campus, having joined the faculty in 1948. He holds degrees from the University of Minnesota (B.S. and M.Ed.) and Pennsylvania State University (D.Ed.). He teaches primarily sculpture and jewelrymaking and is a recipient of two SUNY grants-in-aid. His work is represented in many galleries, museums, and private collections in the United States, Canada, and England. His commissioned works on campus are located in Ward, Sibley and Memorial Halls and in the Angell Center Blue Room.

## CLASS OF 1984 REPORTS BEST PLACEMENT RECORD EVER

A survey of the Class of 1984 by the Career/Life Planning and Placement Office has turned up the best placement figures yet reported by first-year alumni. Patrick Lennahan, director of the office, outlined the survey results. Of those alumni seeking employment, 94.95% had found it within a few months of graduation. That compares with 92.8% reported last year and is the highest percentage ever reported in a placement survey. Of that number, 76.2% are in positions directly related to their major course of study at Plattsburgh. Eighty percent reported satisfaction with the type of work, 72.2% with their career potential, and 60.2% with their salary and benefits. Additionally, 71.2% indicated that an internship or field work experience had helped them in getting their first job. This is up from 64.5% in 1983 and 58.9% in 1982. Lennahan was particularly pleased that 85% of the respondents said that their studies at Plattsburgh had satisfactorily prepared them for their current occupation or studies. Salaries in the group ranged up to \$42,000 and averaged \$16,030 for those who are working full-time. Lennahan said that 11.7% of the members of the class are pursuing additional education on a full-time basis.

## FACULTY SENATE APPROVES ESTABLISHMENT OF BUSINESS SCHOOL

The Faculty Senate last week overwhelmingly approved a resolution for the establishment of a School of Business at the college. President Joseph C. Burke is expected to endorse the Senate's action very soon. According to Dr. Jerome Supple, vice president for academic affairs, the vote was the culmination of about three years of study. Approximately 20% of the currently enrolled students are taking courses in the Center for Business and Economics.

Supple said that the biggest change at the moment will be that the School of Business will have its own dean and its own budget. In addition, after five years of operation, the School will be eligible for accreditation by the American Assembly of Collegiate Schools of Business, which is one of the primary reasons for making the change. Supple expects that the School of Business will be officially in existence by September.

## COCKCROFT BOOK EXAMINES MEXICAN IMMIGRATION ISSUES

James D. Cockcroft, a visiting professor of political science during the 1984-85 academic year, recently published his latest book entitled: "Outlaws in the Promised Land?" The work is described as "the first to explore and clarify the issues surrounding Mexican immigration." It focuses both on the role that Mexican laborers have played in America's past economic growth and the role they will continue to play in this country's future, especially in high-tech reindustrialization. Grove Press, the book's publisher, claims Cockcroft convincingly demonstrates that "far from being a threat to the U.S. economy and workers, as commonly portrayed, Mexican immigration workers make a vital contribution to the economy and, as part of an inexpensive labor pool, have been and will continue to be highly sought by U.S. employers."

Cockcroft, a historian and sociologist, has lived and worked in Mexico for many years. He is the author of "Intellectual Precursors of the Mexican Revolution," and "Mexico: Class Formation, Capital Accumulation, and the State," and co-author of "Dependence and Underdevelopment: Latin America's Political Economy." He has lectured recently at Atlanta University, SUNY Albany and at the University of Pittsburgh.

## JURIED STUDENT ART EXHIBITION OPENS THIS WEEK

The annual Juried Student Exhibition opens this week in the Myers Fine Arts Gallery with work by approximately 45 student artists on display. Jurors for this year's show were Eric Landsberg and Geanna Merola. Both Landsberg and Merola hold MFA degrees from the University of Ohio and have taught at Montclair State College and Rutgers University. They have exhibited widely in national photography and drawing exhibitions and have had one-person shows. The exhibition is co-sponsored by the Students of Art Resources working with the gallery staff of the Center for Art, Music and Theatre.

### **PHI UPSILON OMICRON INDUCTS NINETEEN MEMBERS**

The college's Beta Epsilon chapter of Phi Upsilon Omicron, the national honor society in home economics, recently inducted nineteen new members. Dr. Martha Frost and Jeri Linney, advisors, and chapter president Jan Brindle welcomed new members during a candle ceremony followed by a reception. Membership in the honor society is based on outstanding academic achievement, leadership ability, professional promise and a well-rounded participation in home economics. New members are: Jan Barrows, Linda Bourgault, Shelly DeMarmels, Rosanne DeLaPorte, Jane Eastman, Lynne Eynard, Dianne Foster, Charles Garaventa, Joelle Gero, Mary Lou Havens, Julie Hawkes, Sheri Jones, Judy McCluskey, Mildred Roldan, Jane Ryan, Wendy Stewart, Dawn Steiner, Barbara Wilck, and Lisa Young.

### **SENATE ELECTS OFFICERS, APPROVES ADDITIONAL MINORS**

The Faculty Senate has re-elected its 1984-85 officers to an additional term. Dr. Ray Guydosh will again chair the Senate, while Dr. John Myers and Dr. Martha Frost will serve as vice-chair and secretary, respectively. Dr. Howard Miller and Marilyn Morton were re-elected to the executive committee. Dr. Herman Doh will chair the Budget and Resources committee and Drs. Byrne DeGrandpre and William Culver will serve on the Faculty Affairs Committee.

In other business, the Senate approved the establishment of minors in music and international studies; approved revisions in the elementary education N-6 and N-9 majors; and approved a proposed study option on computer control systems within the computer science major. The Senate also approved a resolution recommending the adoption of the following as college policy, "A requirement for graduation shall be a minimum grade point average of 2.0 in courses taken within a student's major department or program."

The Senate's next meeting will be Tuesday, May 7 at which time there will be a discussion of the physical education requirement.

### **STUDENTS TO PRESENT GEOGRAPHY RESEARCH STUDIES**

Eight students will present their original research studies during a symposium on "Planning the Future in Plattsburgh and Clinton County" at 2 p.m. on May 6 in the Angell Center Conference Room. The symposium, sponsored by the Adirondack-Champlain Geographical Society includes the following presentations: "Plattsburgh's Waste Disposal — Can It Be Improved" by Peter Lavigne and Joseph Ogden; "Family Farms in Clinton County Not Just a Business" by Dorraine Carr and Lance Emrich; "Who Enters the Halls of SUNY-Plattsburgh — A Look at College Admissions" by Renee Bouquart and Heidi Reed; and "The Selling of Clinton County Business Organizations and Local Boosterism" by Anna Baumann and Elizabeth Vespa.

### **PSYCHOLOGY STUDENTS PRESENT RESEARCH WORK AT UNDERGRADUATE CONFERENCE**

Sixteen students attended the 20th Annual New York State Undergraduate Psychology Conference held recently at Union College to present their original research work. Dr. Roy Malpass, coordinator of the behavioral science program, said that although Plattsburgh was one of 41 colleges with students in attendance, Plattsburgh students presented 8 of 54 papers, or 15% at the conference. Papers presented (and faculty advisors) included: Tara Barrett and Sylvia Bushey, "The Relationships of Achievement Motivation to Occupational Reactions as a Function of Sex and Occupational Status" (Dr. William Gaeddert); Julie Gloor, Sharon Pavone and Susan Armitage, "The Bender-Gestalt Test as a Measure of Creativity" (Dr. Gary Brannigan); John Farr and Elizabeth Carroll, "A Developmental Study of the Differentiation of Dementia and Localization of the Effect of Depression Memory (Dr. Taher Zandi); Kathleen Hughes, "Formation of Facial Prototypes" (Dr. Roy Malpass); Mark Julian, Nancy Asdigian and Tom Riedmueller, "Cognitive Processes Underlying Gender Based Evaluation Biases" (Gaeddert); Julie Castle, Kristi Watts, Donna Carroll, Elizabeth Carroll and Andrea Meldrum, "Adult Age Differences in Recognition of Factual and Inferential Story Information" (Zandi); Lisa Anne Wagner, "Information Seeking Behavior Among College Students" (Dr. James Johnson); Riedmueller, Asdigian, and Julian, "The Effects of Prior Job Performance on Hiring Decisions" (Gaeddert).

### **UPWARD BOUND SELECTS TUTOR-COUNSELOR STAFF FOR SUMMER PROGRAM**

Upward Bound has selected its tutor-counselor staff for the 1985 Summer Program. Joining the staff for the first year are Paul Bardis, a senior health education major; David Calogero, a sophomore secondary education major; Sandra Clemons, a junior sociology and human services major; Terrence O'Hanlon, a junior microbiology major; Sue Krishnan, a senior business and marketing major; and William Jordan, a junior secondary education/biology major. Timothy Strong '84, a former tutor-counselor, returns this summer as dorm director. Returning staff members include Holly Heller, Teresa Matino, Lisa Stewart, Mary Maloney, Kim Lawrence, Fernando Moreta and Michael Trudo.

The Upward Bound summer program is a six-week on-campus experience for 110 Clinton, Essex, and Franklin county high school students. The program is designed to give participants the skills needed to succeed in post-secondary educational programs. This summer's theme is "A Salute to the North Country."

### **RESIDENT ASSISTANTS CHOSEN FOR 1985-86**

The Office of Campus Life has announced completion of the Resident Assistant selection process to fill positions for the 1985-86 academic year. Sixty current staff were reappointed to second or third year terms. In addition, following the third phase of the process, which included twelve hours of group sessions, 32 new RA's were chosen to begin work in the fall, with five more to assume their new duties in January. The new group of RA's includes two freshmen, 26 sophomores, and nine juniors, with a combined cumulative average of 3.056. They represent 13 different academic majors, with 10 business and six nursing majors leading the way. The newly selected RA's will complete a 20-hour training program between now and May 9. An additional five-day training workshop will be held in late August.

The new RA's include: Jeff Agnoli, Steven Bester, Karen Binck, Toni Bloom, Cliff Byrne, Gina D'Angelo, Robert Dawes, Angela DiGristina, Jeff Facticeau, Peter Fauth, Gail Felix, Linda Gastaldi, George Giacobbe, Jayne Janecek, Debra Jerkovich, Jamie Lane, Lisa Latronica, Steve Layer, Rebecca Lynch, Tim Lyndaker, Patrick Manion, Lisa Marsh, Ann McLaughlin, Andrea Meldrum, Catherine Mulisky, Kyle Page, Kevin Pierson, Kathleen Princiotta, Maureen Quinn, Kevin Romano, Gene Schulze, Chris Siefert, Fran Sheffield, Frank Spesieri, Shari Wasserman, Kim Welch, and Barb Wilck.

## SPORTS NIGHT BANQUET TO HONOR ALL CARDINAL ATHLETES

The college's intercollegiate athletes will be honored Sunday evening during the annual Sports Night Banquet and Recognition Program scheduled to begin at 6 p.m. in the Angell Center Ballroom. Bob Walleit, president of the Cardinal Booster Club, which is sponsoring the event in conjunction with the Alumni Association, the Vice President for Student Affairs and the physical education department, said, "The purpose of the program is to salute the college's student athletes in a manner befitting their performance in the Cardinal uniform as well as their exemplary conduct as ambassadors of the college. Graduating seniors will be singled out for the tribute and two athletes will receive special recognition as recipients of the Booster Club's men's and women's Athlete-of-the Year awards."

## ALUMNI TO PRESENT JOURNALISM SEMINAR

Four recent Plattsburgh State graduates will be the guest speakers on Friday during a special series of workshops on journalism. Beginning at 2 p.m., a symposium session will be presented on "Careers in Journalism." Four workshops will be presented at 2:45 and again at 3:30 p.m. Randy Prior '83 will talk about "Becoming an Investigative Reporter for Network News"; Tom Dexter '83 will ask "Is Journalism the Right Career for You"; Anita Larsen '82 will discuss "Public Relations: Managing the Press"; and Roger Sadler '84 will speak on "Journalism Graduate Schools: How to Choose and What to Expect." A question and answer session will follow the workshops. The program will be held in the Sibley Hall Cafetorium and is co-sponsored by the English and communications departments, the Dean of Arts and Science, the Alumni Association and the Vice President for Student Affairs.

## SPORTS UPDATE; HUTCHINS SETS SUNYAC RECORDS

Sparked by Sue Hutchins outstanding performances, the Cardinal women's outdoor track squad grabbed an impressive sixth place in this past Saturday's 2nd annual SUNYAC Championships, hosted by Albany State. The women amassed 36 points as national power Cortland State easily won the meet with 174 points. Hutchins, a sophomore from Malone, was the meet's only double-winner, as she captured both the 200 and 400 meter dashes. Her times of 26.71 and 59.77, respectively, established SUNYAC Conference records, as the 200 was also a new PSUC standard. Hutchins also teamed with Cheryl Miner, Ellen Tighe and Kathrin Berg in the 4 x 400 meter relay, as the quartet lowered their own school record to 4:18.2, good for sixth place. Senior Marcy Mofe leaped a season-best of 16'9 1/2" in the long jump for second place, and also finished fourth in the 100 meter high hurdles (16.7) and sixth in the javelin throw (97'5"). Linda Krasensky, returning after a two-week illness, promptly turned in a sixth place clocking of 2:27.2 in the 800 meter run to qualify for the New York State Association of Intercollegiate Athletics for Women (NYSIAIW) Championships, to be held this weekend at Hartwick.

The men were idle this past weekend and faced off against Middlebury and Norwich Monday at the PSUC Field House. This Friday they travel to Brockport to compete in the 17th annual SUNYAC Championships. The men finished fifth in this meet last season.

## DAUI WOODIN RECEIVES CHANCELLOR'S AWARD

Daui Woodin, who was appointed registrar on April 3, has been selected to receive the Chancellor's Award for Excellence in Professional Service. The Chancellor's Awards program, initiated in 1972, recognizes recipients for excellence of performance. Nominations are solicited by a campus selection committee from faculty, students and administrators, then submitted to a Chancellor's Advisory Committee for review. SUNY Chancellor Clifton R. Wharton, Jr. makes the final selection. The awards were suspended last year, but have since been reinstated.

Woodin joined the college staff in the fall of 1973 as a member of the staff of the Office of Analytical Studies and Long Range Planning (now known as Institutional Research and Analytical Studies). She moved to the Registrar's Office less than a year later. Prior to coming to Plattsburgh, Woodin served as an administrative assistant in the Institute for the Study of Science and Human Affairs at Columbia University. She holds the bachelor's degree in government from Columbia.

In addition to her duties as Registrar, Woodin has been active on the Campus Beautification Committee and on the Faculty Standing Committee on Resources and Planning. She was elected in 1982 to membership in Omicron Delta Kappa, the national leadership honor society.

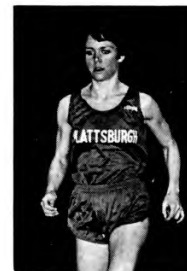

## DeARMAS, KRASENSKY EARN ATHLETE-OF-THE-YEAR HONORS

Hockey standout Peter DeArmas and cross-country and track and field ace Linda Krasensky were honored this past Sunday night as the Cardinal Athletes of the Year. The honors capped off the Cardinal Booster Club's Annual Sports Night Banquet and Recognition Program, attended by more than 340 athletes, coaches and Cardinal fans.

DeArmas, a native of Marina Del Rey, California, became one of the most prolific scorers in Cardinal hockey history in his four years at Plattsburgh. This past season he moved to the top of the Cardinal all-time scoring list with 208 points. He also set Cardinal records for most career assists (113) and power-play goals (37), while tying the Cardinal record for most career hat tricks (10). In leading the team to fourth place in the NCAA Division III Championships this season, DeArmas was named to the NCAA All-Tournament squad and was also a Titan Division III First-Team All-America selection. During his time at Plattsburgh State, he also received All-SUNYAC and All-ECAC Honors, and was the ECAC's leading scorer his junior year. DeArmas is scheduled to graduate in May with a degree in Spanish.

DeArmas

Krasensky

Krasensky is the Cardinal record-holder in three events and has made three consecutive trips to the NCAA Division III National Championships, her most recent effort being a tenth-place showing in the 1500 meter run at the NCAA Indoor Championships. She has won two SUNYAC titles and although slightly hampered by a kidney infection this spring, stands an excellent chance of qualifying for the NCAA Outdoor Championships, to be held May 20-25 at Denison University in Granville, Ohio. Krasensky is a Health Education major and will graduate in December. She hails from Blue Point, Long Island.

## SZYDLIK WINS TWO SUMMER FELLOWSHIPS

Dr. Paul Szydluk, professor of physics, is the winner of two summer fellowships administered by NASA/American Society for Engineering Education. Szydluk chose to spend the summer at the NASA Lewis Research Center in Cleveland, Ohio, doing basic research on the solid state physics of 3-V semiconductors. The second fellowship would have supported research on solar cells at the Naval Research Laboratory in Washington, D.C.

Szydluk joined the Plattsburgh State faculty in 1967. He has degrees from the University of Scranton (B.S.), the University of Pittsburgh (M.S.) and Catholic University of America (Ph.D.). He was a research scientist at General Electric's Knolls Atomic Power Laboratory for several years prior to coming to Plattsburgh. He recently completed a study (with Dr. Fritz Kissner) of various types of solar installations in the North Country.

## SERVICE TO COLLEGE AND COMMUNITY TO BE RECOGNIZED DURING FRIDAY CEREMONY

During a ceremony slated for noon on Friday, May 10, services to the college and to the community will be recognized and celebrated. Members of various organizations, including Omicron Delta Kappa and the forensic team, will be honored, as will various individuals, including Peter DeArmas and Linda Krasensky, the Athletes-of-the-Year, and Sue Coughlin, the ODK Province I Leader of the Year. ODK will announce the winners of its "Sophomore-of-the-Year" awards, and the Student Association will present five service awards. Winners of the Burghy Games competition conducted during the entire year will be announced. In addition, the Commuter Club, Young Volunteers in Action, Cardinal Points, Z. Platt Almanac, several dormitories, fraternities and sororities will present special service awards. The ceremony will be held in the Angell Center Courtyard and is open to the entire campus community. In case of rain, the ceremony will be held in the Angell Center Ballrooms.

## **CENTER FOR BUSINESS AND ECONOMICS ANNOUNCES WINNERS OF THREE AWARDS**

The Center for Business and Economics has announced the winners of three major awards in that department. This year's winner of the Wall Street Journal Award for excellence in management is David Marshall, a senior management major from Keeseville. Sharon Freeman, a senior accounting major from Mountain Home, Idaho, is this year's recipient of the Becker CPA Award. Janet Hoefflein, a senior accounting/computer science major from Endicott, is the winner of the 1985 award presented by the New York State Society of CPA's.

## **TWO CONCERTS ON TAP FOR NEXT WEEK**

Two of the college's performing musical groups will present concerts during the next week. The Symphonic Band, under the direction of Dr. James Miller, will perform at 8 p.m. on Thursday, May 9 in the Hartman Theatre. The program will include Kent Kennan's "Night Soliloquy," featuring flutist Robin Cameron; trumpeter Herm Matlock playing Haydn's "Concerto for Trumpet"; and drummer Peter Kriff performing "Concerto for Drum Set" by Carroll DeCamp; as well as Giovanini's "Overture in B Flat," Mussorgsky's "Pictures at an Exhibition," DelBorgo's "Do Not Go Gentle Into That Good Night," and Sousa's "Stars and Stripes Forever." Following the concert, a reception in honor of Miller, who will retire at the end of the semester, will be held in the Myers Fine Arts Lobby. The concert is free and open to the public.

The College Community Orchestra, under the director of Roy V. Cox, will perform at 8 p.m. on May 12 in Hawkins Hall. The orchestra will play selections by Mozart and Cesar Franck. Featured soloist Leon Ting, will perform Mozart's "Piano Concerto in A Major No. 12" accompanied by the orchestra. Ting, a Plattsburgh High School student, was chosen to perform from among nine young musicians in a contest held in January. Tickets are on sale at the Center for Art, Music and Theatre Box Office in Myers, and are \$1 for students and \$3 for the general public.

## **NINE INDUCTED INTO SOCIOLOGY HONOR SOCIETY**

Nine students were inducted into the campus chapter of Alpha Kappa Delta, the sociology honor society, on May 2. Membership in the society is based on the demonstration of interest and abilities related to the study of sociology, research of social problems and such other social and intellectual activities as will lead to improvement in the human condition. The new members of the honor society, their hometowns, and majors are: Mark Brown, Plattsburgh, sociology/criminology; Pamela Chapman, Granville, sociology/criminology; Megan Duffy, Waccabac, human services; Judith Endee, Cambridge, general sociology; Julie Horan, Tupper Lake, human services; Jennifer Ladieu, Keeseville, human services; Carol O'Hara, Mooers, human services; Tracy Reece, Ilion, sociology/criminology; and Leslie Wheeler, Schaghticoke, sociology/criminology.

## **SIX SELECTED TO RECEIVE CANADIAN STUDIES SCHOLARSHIP FOR FALL**

Six students have been selected to receive Canadian Studies scholarships for the fall, 1985 semester. Daniel Marshall of Ontario will receive the Imasco Limited Scholarship; Sylvia Knapp of Castleton and Jordon Lohre of Kingston will receive the Hiram Walker Scholarships; Pamela Raudenbush of Dannemora and Theodore Zarychta of Montrose will receive scholarships funded by Northern Telecom; and Matthew Stanley of Valley Cottage has been selected to receive the Brascan Scholarship. All six scholarships are provided through the Plattsburgh College Foundation by Canadian corporations to further the study of Canada.

## **SPORTS UPDATE; HUTCHINS AND DICKERMAN WINS STATE TITLES**

The Cardinal men's and women's track and field squads continue to excel in post-season competition. The men travelled to the SUNYAC Championships this past weekend at Brockport and came away with a sixth-place showing. Senior Rob Dickerman successfully defended his shot put title with a NCAA Division III qualifying mark of 52'8" and also grabbed third in the hammer throw. Dan Gambino turned in an outstanding effort as he finished fourth in the 110 meter high hurdles and later notched sixth in the 400 meter intermediate hurdles. Bill Kinahan turned in a personal best of 50.5 for seventh place in the 400 meter dash, while Gregg Mulson clocked 33:41.3 in the 10,000 meter run, good for seventh place and a personal best. Fredonia easily won their fourth consecutive title with 147 points, while the Cards tallied 38 for sixth place in the twelve-team meet. The women were at the New York State Association of Intercollegiate Athletics for Women (NYSIAIW) Championships, hosted by Hartwick College. Sue Hutchins captured the 400 meter dash to become the first women's state champion in Cardinal history. Her time of 60.23 was off her personal best, but good enough to win by over three-tenths of a second. Hutchins led the lady Cards to a 13th place showing in the 26 team field.

The men are off to Fredonia this weekend to compete in the New York State Collegiate Track and Field Association (NYSCTFA) Championships, while the women head for Bowdoin College in Brunswick, Maine for the Eastern College Athletic Conference (ECAC) Championships.

## 1100 TO RECEIVE DEGREES DURING SUNDAY CEREMONY

Approximately 1,100 students will receive degrees during the annual spring commencement ceremonies slated for 1 p.m. Sunday afternoon. Of those, 1,030 will receive bachelor's degrees and 70 will receive master's degrees or certificates of advanced study. Geraldine Ferraro, the first woman vice presidential candidate and a former Congresswoman, will deliver the commencement address. Ferraro will also receive the Distinguished Service Award, the highest honor the college can bestow.

Roger Merriam '69, director of marketing for Middle Eastern operations for Carrier International, will receive the Distinguished Alumnus Award. Merriam joined the Carrier Corporation just after his graduation. During the past fifteen years, he has held eleven positions within the corporation, including marketing trainee, district service supervisor, territory sales manager, director of international sales of the Carrier subsidiary company in Japan, and corporate director of worldwide product planning. Merriam holds an MBA from Syracuse University.

Eleven students will receive their degrees summa cum laude (with highest honors), having completed their degree work with a grade point average of at least 3.9 out of a possible 4.0. They are Jan Brindle, food and nutrition, Morrisonville; John Bullock, chemistry, Califon, NJ; Stephen Burdeau, computer science, Plattsburgh; Linda Deering, psychology, State College, PA; William Deso, chemistry, Ticonderoga; Katherine Hartley, art, Charlotte, Vt; Kathleen Hughes, behavioral science, Plattsburgh; Thomas Hurysz, economics, Walworth; Nora Keenan, psychology, Watervliet; Sin Siew C., biology, Jalan Kukoh, Singapore; and Patricia Trudeau, speech and hearing handicapped education, Ticonderoga.

On Saturday afternoon at 2 p.m., 64 graduating nursing students will receive their pins during the traditional annual pinning ceremony. Dr. Jeanette Coleman, director of the nursing department, will deliver the keynote address, and the families of the nursing students will present the pins.

### SCHEDULE OF COMMENCEMENT ACTIVITIES

<b>3 - 5 pm</b>	Reception for seniors, their parents, faculty and staff, sponsored by President and Mrs. Burke, the Student Association and the Alumni Association. Angell Center courtyard. In case of rain, the reception will be held in the Memorial Hall Gymnasium.
<b>9 pm - 1 am</b>	Semi-formal dance for seniors, their parents, friends, faculty and staff. Music by the Dutchess Community College quartet. Cash bar. Tickets \$5 per person, available at the Alumni Office (Kehoe 808).
<b>May 19</b> <b>1 pm</b>	Commencement. Field House. Degree candidates are to line up for the processional at 12:15 pm in the ice arena.

### COLLEGE'S 22,000 ALUMNI TO BE SURVEYED

Within the next few weeks, all Plattsburgh State alumni will receive a survey questionnaire from the Alumni Association. Twenty two thousand survey forms were mailed recently, asking alumni to provide the Association with information about where they are living and what they are doing. The survey, according to Mal Lavery, director of alumni affairs, will assist the Association in many areas, particularly when it comes to class or area reunions, Homecoming, and fund raising. It will also provide an opportunity for alumni to volunteer to help the college and the Alumni Association with student recruitment or placement.

## Congratulations Graduates

### **BOGUCKI, GRUENDLING RECEIVE ONE MORE GRANT**

Drs. Donald Bogucki and Gerhard Gruendling, professors in the Center for Earth and Environmental Science, have received their third grant in the last month. The latest in their series of funding awards comes from the Environmental Protection Agency and will provide \$49,961 to support their research on the "Effects of Depth to Bedrock on Alkalinity and pH of Adirondack Lakes." Their grant proposal states that the principal objective of the project is to "determine depth to bedrock for approximately 25 watersheds in the Adirondacks and evaluate the relationships between soil depth and pH/alkalinity of lakes. The study will provide high resolution data and will begin the task of establishing a usable depth to bedrock data base for the Adirondacks."

Earlier this semester, Gruendling and Bogucki received a \$23,000 grant from the Adirondack Park Agency to continue the inventory and mapping of the Park's wetlands, which they had begun under an earlier award from the APA. They also received, along with Dr. Kenneth Adams, assistant professor in the Center, an additional grant of \$49,962 from Oak Ridge National Laboratory to fund their project entitled "Data Collection for Testing Alternative Hypotheses Concerning Increased Acidification and Fish Population Declines in Complex Adirondack Lake Systems."

### **THREE HONORED AS OUTSTANDING SOPHOMORES**

Three women were selected to receive the "Outstanding Sophomore Award" given by the campus chapter of Omicron Delta Kappa, the national leadership honor society. The three, Gail Felix, Ann McLaughlin and Christine Seifert, received the award during last Friday's Fifth Annual Student Activities Awards Program.

Felix, a mass media major from the Bronx, is a dormitory council officer, a WPLT disc jockey and a member of the college-community orchestra. She has also been active with the Young Volunteers in Action and the Special Olympics and she participated in the 1984 Alumni Phonathon. McLaughlin, a business major from Goshen, is president of Phi Eta Sigma, the national honorary society for freshmen, a tour guide, peer recruiter, orientation leader and SA senator. Seifert, a nursing major from Red Hook, is a member of Phi Eta Sigma, a dormitory council officer, tour guide, peer recruiter, and a member of the SA Academic Affairs Board. She has been president of her nursing class for two years and is also president of the Student Nurses Association. All three women have been selected as resident assistants for the 1985-86 academic year.

### **SEARCH UNDERWAY FOR ASSOCIATE VICE PRESIDENT FOR ACADEMIC AFFAIRS**

A national search is underway to fill the position of Associate Vice President for Academic Affairs. Dr. Richard Robbins, who has held the position since 1979, has opted to return to a full-time teaching position in the anthropology department. The search committee will be chaired by Dr. Eleanor Stoller and Thomas Moran. The deadline for applications is May 31.

### **SUNY CAREER DEVELOPMENT ORGANIZATION CONFERENCE TO BE HELD ON CAMPUS**

The ninth annual conference of the SUNY Career Development Organization will be held on campus June 12-14, according to Patrick Lennahan, director of Career/Life Planning and Placement. Lennahan said that the conference will be attended by virtually every career planning and placement officer from every SUNY unit in the state. The opening and closing presentations will be made by Dr. Mark Savickas, chairperson of the behavioral science department at Northeastern Ohio University College of Medicine and Dr. William Morabito, assistant vice chancellor for student affairs at SUNY Central, will deliver welcoming remarks. Lennahan is currently chairperson of the CDO's Professional Development Committee and the Visitation Committee. He has been a member of the executive board for the past three years.

### **CAMPUS ORGANIZATIONS TO ADD TO CAMPUS BEAUTY**

Five student organizations have recently donated funds to the Campus Beautification Committee to aid that committee's efforts.

The list of donating organizations includes Phi Eta Sigma, the national freshman honor society, and Omicron Delta Kappa, the national leadership honor society, both of which have donated funds to purchase trees. These trees will stand as symbols of growth and development of the college as well as each organization.

Also included on the list of donors is deFredenburgh Hall, which has designated a special commemorative tree in behalf of a resident, Michel Trempe, who was fatally injured in a recent automobile accident.

The Dorm Councils of Hood and Whiteface Halls have also contributed to the Committee to purchase trees and shrubs to be planted along Broad Street.

### **GEOGRAPHY DEPARTMENT ANNOUNCES AWARDS**

The Geography Program has announced the following winners of two major awards. The National Council of Geographic Education award for the outstanding graduating senior in geography at SUNY-Plattsburgh goes to Rob Brooks. The Gamma Theta Upsilon award for leadership in the geography honor society at Plattsburgh goes to Patrice Hart.

### **UNIVERSITY OF VERMONT PROFESSOR, DANIEL HIGGINS, HOLDING EXHIBIT AT ROCKWELL KENT**

From May 3 through May 20 photographs by Daniel Higgins, assistant professor of art at the University of Vermont, will be on exhibit in the Rockwell Kent Gallery Alcove. Higgins, who has been a member of the UVM faculty since 1969, obtained his B.A. degree in Anthropology and his M.F.A. in Photography and Printmaking from the University of Michigan. He has held one-man shows in Vermont, Albany (New York), Massachusetts, Athens (Ohio), and Brewster Academy Art Center (New Hampshire), where he was visiting artist in 1977. He has also exhibited in juried and invitational shows in Vermont, northern New York, Pennsylvania, and Havana, Cuba. Mr. Higgins' work was last exhibited in Plattsburgh as part of the "Photo-Graphic Images" show seen here in 1975.

## MARRIOTT TO KEEP SUNDOWNER OPEN DURING SUMMER MONTHS

The Angell Center Sundowner will remain open during the summer months, according to Robert Clinton, food service director for the Marriott Corporation. Clinton said this week that a limited menu will be available in the Sundowner, beginning June 1, from 7:30 am to 3 pm. Diners will be able to eat either in the Sundowner, in the Orchard Room (although no waitress service will be available, food may be taken into the Orchard Room) or at picnic benches in the courtyard. He added that the Sundowner will feature advertised specials and air conditioning.

## SPORTS UPDATE; DICKERMAN EARNS MVP HONORS AT STATE CHAMPIONSHIP

Sophomore Sue Hutchins will be joining Rob Dickerman at next week's NCAA Division III Outdoor Track and Field Championships in Granville, Ohio, as she qualified with her school record performance in the 400 meter run at this past weekend's Eastern College Athletic Conference (ECAC) Championships, held at Bowdoin College in Brunswick, Maine. Hutchins stormed through a superb 57.5 clocking in finishing third place against some of the best competition in the East. Linda Krasensky and Ellen Kissane placed well in the 1500 meter run, while Marcy Mofte was fifth in the heptathlon. For the men, competing in the 38th annual New York State Collegiate Track and Field Association (NYSCTFA) Championships at Fredonia State, Dickerman not only dominated for the Cards, but he dominated the entire meet just as well. Finishing first place in the shot put with a school record toss of 53' 8 3/4", first in the hammer throw with a distance of 177' 4", another school record, and third in the discus throw with a personal best effort of 149' 3", Dickerman was the meet's top point-getter, thus earning MVP honors. Gregg Mulson grabbed eighth in the 10,000 meter run with a personal best of 33:33.1, while Dan Gambino finished ninth in the 110 meter high hurdles. Bill Ferreri clocked 1:57.9 in the 800 meter run. Several Cardinal tracksters get a last shot at qualifying for the NCAA's this Friday, when they travel to Union College in Schenectady to compete in The Athletic Congress (TAC) Adirondack Championships. The NCAA Division III Nationals will be held May 20-25 at Denison University in Granville, Ohio.

Senior Doug Smoke, once an instrumental part of the Cardinal hockey team and now player-coach of the lacrosse club, has been named to compete on the Iroquois National Lacrosse Team, which travels to Europe on May 20 for a seven-day tour. Smoke, a chemistry major who will graduate next week, was part of this same team which competed in the World Lacrosse Games, considered the finest lacrosse competition in the world, held in Los Angeles one week prior to the Olympic Games last summer. At this event, Smoke's team tied for third with Australia, behind winner United States and Canada, and beating such opponents as England, France and Italy. A transfer from St. Lawrence in fall 1982, Smoke played two years for the Cardinal icers, scoring 25 goals and 40 assists.
